The questions contained in the 2024 AMCAS application are listed below and, where possible, selection choices are also provided. Unless otherwise noted, all questions require a response. *Items in blue are explanatory notes.*

Beginning May 2, 2023, you may initiate your 2024 AMCAS application at [www.aamc.org/amcas](http://www.aamc.org/amcas).

New Features of the 2024 AMCAS Application

The 2024 AMCAS application has the following new features to highlight:

- The Work/Activities section has a new experience type called "Social Justice/Advocacy."
- The self-reported "Disadvantaged Status" question has been replaced with "Other Impactful Experiences," with new corresponding help text.
- A dropdown has been added within the Institutional Action question to include selections for "Conduct," "Academic," or "Both."
- An optional field has been added to indicate an upcoming AAMC PREview™ exam and its date.
- The "Other" labels for Pronoun and Gender Identity have been updated.
- Additional text was added to the essay prompts and certification statement to provide clarifying language around essay submissions.

If you are a reapplicant, here are additional instructions on how to review and update your application with these changes:

- Work/Activities entries will roll over, and now you have the option to enter any “Social Justice/Advocacy” experiences.
- If you previously responded to the “Disadvantaged Status” question, the answer (“Yes” / “No”) and essay will roll over but should be adjusted as needed to fit the new question of “Other Impactful Experiences.”
- The “Yes”/ “No” selection for Institutional Actions will roll over, and now you must select a category from the dropdown.
- The optional field for upcoming AAMC PREview™ exam dates is a new field and therefore did not roll over.
- If “Other” labels for the Pronoun and Gender Identity selections were previously selected, they will automatically be updated to the “Another Gender Identity” and “Another Pronoun Set” labels.

For each school attended, you must select whether you authorize AMCAS to release your information to the school-designated advisor(s) at each school and indicate if an official transcript from each school is required by AMCAS.

Advisor Release

The school-designated advisor(s) have met AMCAS-established requirements and are bound by confidentiality. Information transferred includes your personal/demographic information, work/activity information, credit hours, MCAT scores, PREview™ scores, GPAs, the names and types of your recommenders, the names of any other schools you have attended, the medical schools to which you have applied and what action those schools have taken, and the status of your application with AMCAS. Additionally, if you applied for fee assistance through the AAMC Fee Assistance Program, and in your fee assistance application agreed to release award information to your health professions advisor this information will be made available along with your application information.

Do you authorize AMCAS to release your application information to the school-designated advisor(s) at this institution?

Yes
No

Transcript Request

Note: One official transcript is required from each U.S., U.S. Territorial, or Canadian post-secondary institution at which you have attempted course work, regardless of whether credit was earned.

If you click “Yes,” you must have an official transcript sent to AMCAS by the Registrar’s Office of the institution. If you click “No,” this means that you are submitting a Transcript Exception Request and does not preclude you from transcript requirements. AMCAS will review your request and notify you if your Transcript Exception is not granted. This may result in delays for processing your application.

Does AMCAS require an official transcript from this school? Generally, a transcript is required. Please review this additional information if you need assistance in determining if a transcript is required.

Yes
No

Transcripts

Required official transcripts must be sent to AMCAS from the Registrar’s Office at each school you have attended. Use the Transcript Request Form to provide the Registrar with the information necessary for sending your transcript to AMCAS.

☐ I understand that I must have my schools send my transcripts.

Previous Matriculation

You have “matriculated” as a medical school student if you were officially enrolled and attended classes as a candidate for a medical school degree regardless of country.

Have you ever matriculated at, or attended, any medical school (US MD Schools, US DO Schools, Caribbean Schools, and other Foreign Schools) as a candidate for a medical degree?

Yes
No
If you marked “Yes” to previously matriculated to any medical school, you must provide the name of all medical schools to which you previously matriculated, the degree you sought, and why you are reapplying to medical school this time.

Institutional Action
You must answer “Yes” even if the action does not appear on or has been deleted or expunged from your official transcripts due to institutional policy or personal petition. Please review these important instructions to help answer this question.

Were you ever the recipient of any institutional action by any college or medical school for unacceptable academic performance or conduct violation, even though such action may not have interrupted your enrollment or required you to withdraw?

Yes  No

Please choose the appropriate Institutional Action Category from the dropdown below.

Please briefly explain each instance along with the date(s) of occurrence:

Some medical schools are interested in your state and/or county of legal residence for consideration as part of their application review process. Each state has its own qualifications for determining legal residency; medical schools may request additional documentation. You are responsible for researching and understanding a state’s qualifications for legal residency before claiming it as your state of legal residence in your AMCAS application. It may be possible to qualify for multiple states of legal residency, but you may select only one in the AMCAS application.

If your state of legal residency changes after submitting your application, you may request that it be changed following the procedure outlined in the Applicant Guide. The updated information will be provided to all medical schools designated in your application.

**Other Impactful Experiences**

This question is designed to help promote holistic review by providing admissions officers with a snapshot of applicants’ lived experiences. In addition, the question is designed to give applicants the opportunity to provide additional context about the challenges they may have experienced during their lives. It is intended for applicants who have had impactful life experiences and faced or overcome challenges in various areas such as family background, financial background, community setting, education, religion, or other life experiences. Learn more about the background of this question.

To provide some additional context around each individual’s application, admissions committees are interested in learning more about the challenges applicants may have overcome in life. The following question is designed to give you the opportunity to provide additional information about yourself that is not easily captured in the rest of the application.

Please consider whether this question applies to you. Medical schools do not expect all applicants to answer “yes” to this question. This question is intended for applicants who have overcome major challenges or obstacles. Some applicants may not have experiences that are relevant to this question. Other applicants may not feel comfortable sharing personal information in their application.

**Have you overcome challenges or obstacles in your life that you would like to describe in more detail? This could include lived experiences related to your family background, financial background, community setting, educational experiences, and/or other life circumstances.** How do I know if I should answer “yes” to this question? [This link in the application will direct to the help text – see below for details.]

Yes  No

Please use the space below to describe why you selected “yes.” This text and the textbox only appear if “yes” is selected for this question.

This pop-up help text will appear if “How do I know if I should answer “yes” to this question?” is selected.

**Other Impactful Experiences Description**

The following examples can help you decide whether you should respond “yes” to the question, and if so, what kinds of experiences you could share. Please keep in mind that this is not a fully inclusive list and any experiences you choose to write about should be ones that directly impacted your life opportunities.

**Example Experiences**

- **Family background:** serving as a caretaker of a family member (e.g., siblings, parent/guardian), first generation to college
- **Community setting:** rural area, food scarcity, high poverty or crime rate, lack of access to regular health care (e.g., primarily used urgent care clinics or emergency room, no primary care physician)
- **Financial background:** low-income family, worked to support family growing up, work-study to pay for college, federal or state financial support
- **Educational experience:** limited educational opportunities, limited access to advisors or counselors who were knowledgeable/supportive of higher education requirements
- **Other general life circumstances** that were beyond your control and impacted your life and/or presented barriers (e.g., religion)

**Writing Instructions**

- Select the most impactful experiences. Describe the challenge(s) or hardship(s) you consider most impactful in your life.
- Write about how experiences impacted your life. Write about any topics you deem important to discuss, including

© 2023 AAMC. May not be reproduced without permission
information that might be mentioned elsewhere in your application (e.g., your personal statement). You can use the space provided in this question to further elaborate on those topics, if desired.

- **Use a narrative style format.** Describe your impactful experience(s) in a narrative format to help admissions committees understand your story but be mindful of the 1,325-character limit.

Coursework

You must enter all the courses you took at each school. Prior to entering coursework, you are encouraged to watch some brief tutorials to help guide you through the process of entering your coursework.

In this section, applicants enter all courses in which they have enrolled, regardless of whether credit was earned, for each of the schools attended. Including any course(s) ever enrolled in at any U.S., U.S. Territorial, or Canadian post-secondary institution, regardless of whether credit was earned. This includes, but is not limited to:

- Courses from which the applicant withdrew.
- Courses for which they received a grade of “Incomplete” and for which no final grade has been assigned.
- Courses that have been repeated; Repeated courses and courses removed from the transcript or GPA as a result of academic bankruptcy, forgiveness, or similar institutional policies should be entered exactly as they appeared on the transcript issued prior to removal/ repeat.
- Courses that were failed, regardless of whether they have been repeated.
- Courses in which they are currently enrolled or expect to enroll in prior to entering medical school.
- Remedial/developmental courses.
- College-level courses you took while in high school even if they were not counted toward a degree by any college.
- Courses taken at an American college overseas.
- Courses removed from a transcript or GPA as a result of academic bankruptcy, forgiveness, or similar institutional policies.

Applicants Must:

- Enter courses exactly as they appear on the transcript of the school where they were originally attempted, not as they appear on the transcript of any school which may have accepted the courses in transfer. Only specific types of special courses qualify for an exception to this rule.
- Enter courses in chronological order. Within each term, list the courses in the order in which they appear on the official transcript.

Add a Course

You will be asked to enter coursework for each of their academic institutions.

Transcript Grade and Credit Hours are required fields to complete if the information appears on your official transcript.

In certain cases, it may be appropriate to leave these fields blank. You should review the Coursework section of the AMCAS Applicant Guide for more information. Failure to include required grades and credit hours may result in application processing delays, missed deadlines, and lost application fees.
Work/Activities

The Work and Activities section is designed to give you the opportunity to include in your application any work or extracurricular activities that you would like to bring to the attention of the medical. You will be able to add up to fifteen (15) entries and will be prompted to summarize each experience in 700 characters. Refer to this guide, which provides instructions for entering “Completed” and “Anticipated” experience hours.

As part of this process, you will be asked to identify up to three (3) experiences that you consider the most meaningful. If you have two or more entries, you will be required to identify at least one as the most meaningful. When considering which experiences are the most meaningful, you might consider the transformative nature of the experience: the impact you made while engaging in the activity and the personal growth you experienced because of your participation.

After the required information is entered, you should check the box to select this experience as one of the “Most Meaningful.” An additional 1325 characters are available to summarize why this experience has been selected as one of the most meaningful.

Note: There is now a new experience type called "Social Justice/Advocacy." This new category will allow applicants to highlight these types of activities. A social justice/advocacy experience is one in which an applicant worked to advance the rights, privileges, or opportunities of a person, group, or cause. Possible examples include (but are not limited to): registering people to vote, climate activism, advocating for civil rights, decreasing health inequities, addressing food deserts, building awareness for a particular cause or health condition, advocating for vulnerable populations (children, homeless, etc.), and assisting with policy change or development. Learn more about the development of the Social Justice/Advocacy experience type.

For each experience entry, applicants can choose the experience type that best describes each experience.

Indicate the total number of hours that you spent completing this work experience or activity during the date range that you indicate. If this is a repeated experience, enter the total number of hours for each date range you provide. Indicate the total number of hours you anticipate completing for this experience in the future, if applicable.

Letters of Evaluation

A maximum of ten (10) letter entries may be created. Letter entries may be added and assigned to medical schools after you have submitted your application. However, once you have submitted your application, existing letter entries cannot be edited or deleted; they can only be marked "No Longer Being Sent."

Letters are accepted electronically via AMCAS Letter Writer Application or Interfolio.

Important Information about Letters:

- Applicants may submit their application before creating letter entries in this section.
- Applicants may submit their application prior to letters being received by AMCAS.
- Letter deadlines are established individually by each medical school, so applicants should check their websites for deadline dates.
- Letters sent to AMCAS cannot be released to applicants or letter authors under any circumstances, and are provided only to medical schools that are participating in the AMCAS Letter Service.
- Re-applicants should note that letters received by AMCAS do not rollover to later application years, so advise letter authors to keep a copy of their letter.
- The AAMC publishes a list of guidelines for letter of evaluation authors. A link to the guidelines is on the Letter Request Form applicants will provide to your letter authors.

*Applicants must contact schools that do not participate in AMCAS Letters to determine their letter of evaluation requirements. AMCAS will not forward your letters to these schools. See the list of Participating Schools and Deadlines.

Applicants can watch "How to Add Letter of Evaluation Entries & Assign them to Medical Schools" Tutorial

Note: Letter writers must send applicant letters through AMCAS, if an applicant is applying to one or more schools participating in the AMCAS Letters Service.

Add a Letter of Evaluation

Applicants must create one letter entry for each Committee Letter, Individual Letter, or Letter Packet being sent to AMCAS. Most medical schools participate in the AMCAS Letter Service. Please review additional information about letters of evaluation.

Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application.

Please review the AMCAS Applicant Guide for more information about Letters of Evaluation.

Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.

☐ Committee Letter:
A committee is a letter authored by a pre-health committee or pre-health advisor and intended to represent your institution's evaluation of you. A committee letter may or may not include additional letters written in support of your application. A Committee Letter is sometimes called a composite letter.

☐ Letter Packet:
A packet or set of letters assembled and distributed by your institution, often by the institution's career center.
☐ Individual Letter:

An individual letter refers only to a letter authored by, and representing, a single letter writer. If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.

You are encouraged to select a meaningful Letter Title, as you may need this title later to identify a letter. For example, if this letter were from the University Of X, with a primary contact of John Doe, and you intend to have this letter sent only to MD/PhD programs, you might create a title of "UX_Doe_MD_PhD."

Background Check

Upon designating your school selections, you will be informed if the schools participate in the AMCAS-facilitated Criminal Background Check Service. If the schools use this service, you will receive the following notification:

Upon your initial, conditional acceptance to medical school or by request of a medical school that has placed you on its alternate list, a criminal background check will be initiated.

You will receive an e-mail from Certiphi Screening, Inc. providing additional information and access to a secure form through which you will provide consent for the procurement of this report. Your consent applies to all medical schools that participate in this service, so you will not be asked to provide consent if additional acceptances are offered.
