Other Impactful Experiences

To provide some additional context around each individual's application, admissions committees are interested in learning more about the challenges applicants may have overcome in life. The following question is designed to give you the opportunity to provide additional information about yourself that is not easily captured in the rest of the application.

Please consider whether this question applies to you. Medical schools do not expect all applicants to answer "yes" to this question. This question is intended for applicants who have overcome major challenges or obstacles. Some applicants may not have experiences that are relevant to this question. Other applicants may not feel comfortable sharing personal information in their application.

Have you overcome challenges or obstacles in your life that you would like to describe in more detail? This could include lived experiences related to your family background, financial background, community setting, educational experiences, and/or other life circumstances.*

How should I know if I should answer "Yes" to this question?

- ☐ Yes
- ☐ No

Other Impactful Experiences Description

The following examples can help you decide whether you should respond "yes" to the question, and if so, what kinds of experiences you could share. Please keep in mind that this is not a fully inclusive list and any experiences you choose to write about should be ones that directly impacted your life opportunities.

Example Experiences

- **Family background:** serving as a caretaker of a family member (e.g., siblings, parent/guardian), first generation to college.
- **Community setting:** rural area, food scarcity, high poverty or crime rate, lack of access to regular healthcare (e.g., primarily used urgent care clinics or emergency room, no primary care physician).
- **Financial background:** low-income family, worked to support family growing up, work-study to pay for college, federal or state financial support.
- **Educational experience:** limited educational opportunities, limited access to advisors or counselors who were knowledgeable/supportive of higher education requirements.
- **Other general life circumstances** that were beyond your control and impacted your life and/or presented barriers.

Writing Instructions

- **Select the most impactful experiences.** Describe the challenge(s) or hardship(s) you consider most impactful in your life.
- **Write about how experiences impacted your life.** Write about any topics you deem important to discuss, including information that might be mentioned elsewhere in your application (e.g., your personal statement). You can use the space provided in this question to further elaborate on those topics, if desired.
- **Use a narrative style format.** Describe your impactful experience(s) in a narrative format to help admissions committees understand your story, but be mindful of the 1,325 character limit.

Course Work

You must enter all of the courses you took at each school. Prior to entering your coursework, you are encouraged to watch some brief tutorials that will guide you through the process of entering your coursework. Click on the links below to learn about the process of entering coursework:

- Watch Basic Coursework Tutorial
- Watch AP Coursework/Credit Tutorial
- Watch Current and Future Coursework Tutorial (where you have not yet earned a grade)
- Watch Study Abroad Coursework Tutorial

Please review additional information about coursework in the AMCAS Applicant Guide.

i

If you do not need to enter coursework for any of your schools attended, please select None for the applicable school(s). In order for AMCAS to process your application, all required coursework must be entered. Please refer to the AMCAS Applicant Guide for more information about entering coursework.

Coursework

Add Course

Please be sure to enter all course(s) in the correct academic year, academic term, and year in school to avoid delays in application processing time.

i

Reminder: The AMCAS year begins with summer and ends with spring. Courses taken in the summer should be entered with the next academic year, even if your institution considers them in the previous academic year. For example, if you took a course in the first summer session of 2016, you should enter it as the 2016–2017 academic year, even if your school considers it in the 2015–2016 academic year.

Coursework Tips

- Include plus or minus grades.
- The AMCAS academic year begins with the summer term.
- Include your Physical Education courses.
- Have course descriptions available when entering course classifications and review the course classification chart thoroughly.
- If you applied in a previous year, update your final grades.
- Include your original alpha grade for all attempts of a repeated course.

Coursework: Things to Avoid!

- If your transcript shows letter grades **do not** enter numeric grades or quality points in the grade field.
- Do not enter the course number as the course name.
- For example: *BIO 101 Intro to Biology* should be entered as **Course Name: Intro to Biology** and **Course Name: BIO 101** **NOT** ~~Course Name "BIO"~~ ~~Course Number "101"~~.
- Do not enter special symbols or characters when entering the courses name and course number.
- Do not enter your summer courses in the wrong year.
- For example: If your course was taken in the **summer of 2020** it goes in **AY 2020-2021** in the AMCAS application.

Coursework: Things to Avoid!

- **Do not** classify Physics classes as ~~Natural Physical Science~~. The classification for Physics courses is as **Physics (PHYS)**.
- If any course has both a lecture and a lab component, **do not** list both grades in a single entry.
- For example: Biology Lecture B+ Biology Lab C+ **do not enter** ~~Biology B+/C+~~
- Do not omit withdrawals or repeated courses.
- Do not forget to add Advanced Placement courses.
- If your application is returned for 10+ missing courses, do not omit any courses when you resubmit.

Work/Activities: Tips

- Work and activities will appear on your application in chronological order and you cannot rearrange them.
- When writing your response for your “Most Meaningful”, you might want to consider the transformative nature of the experience, the impact you made while engaging in the activity, and the personal growth you experienced as a result of your participation.
- You can indicate anticipated hours if you will complete any additional hours for an experience. The start date must be the current month and year or later, and the latest end date you can select is August 2025.

Work/Activities: Things to think about

- How does this experience impact my future profession in medicine?
- Be mindful that medical schools are trying to determine how you have tested out your decision of pursuing medicine.
- Enter only significant experiences.
- Include clinical and non-clinical activities – especially activities where you have led projects and/or people.
- Some schools have required experiences.

Letters of Evaluation

Add Letter of Evaluation/Recommendation

Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application.
Please review the AMCAS Applicant Guide for more information about Letters of Evaluation.

Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.

☐ Committee Letter:
A committee is a letter authored by a pre-health committee or pre-health advisor and intended to represent your institution's evaluation of you. A committee letter may or may not include additional letters written in support of your application. A Committee Letter is sometimes called a composite letter.

☐ Letter Packet:
A packet or set of letters assembled and distributed by your institution, often by the institution's career center.

☐ Individual Letter:
An individual letter refers only to a letter authored by, and representing, a single letter writer. **If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.**

Select a meaningful Letter Title, as you may need this title later to identify a letter. For example, if this letter were from the University Of X, with a primary contact of John Doe, and you intend to have this letter sent only to MD/PhD programs, you might create a title of "UX_Doe_MD_PhD".

Essay

Personal Comments Essay

Some questions you may want to consider while drafting this essay are:

- Why have you selected the field of medicine?
- What motivates you to learn more about medicine?
- What do you want medical schools to know about you that hasn't been disclosed in another section of the application?

In addition, you may wish to include information such as:

- Special hardships, challenges or obstacles that may have influenced your educational pursuits
- Commentary on significant fluctuations in your academic record which are not explained elsewhere in your application

OK

Personal Comments Essay

Consider and write your Personal Comments carefully; many admissions committees place significant weight on this section. Make sure you proofread carefully because no changes may be made after you submit your application. What information should I consider including in my personal comments?

Essay: Things to think about

- By the end of reading your statement, the reader should understand why you want to be a physician.
- Admissions officers want to learn something about you that they can't find in any other part of your application.
- When you consider what to write, think about the series of events in your life that have led up to the point where you are applying to medical school.

Essay Quick Tips

- Proofread your essay
- Check for spelling errors
- Read it BACKWARDS
- Read it “Out Loud”
- Have mentors and loved ones review it
- Make sure that it’s your statement – though others might have suggestions, the final document is yours and must reflect your reason(s) for pursuing medicine

Essay Do's and Don'ts

DO

- Make sure your statement addresses your reason(s) for wanting to pursue medicine
- Have a lot of people review it – friends, colleagues, mentors, letter writers
- Be mindful that “all” medical schools will receive the same AMCAS application
- Check and re-check for grammatical and spelling issues – your application is your first impression

DON'T

- Speak in generalities
- Be informal
- Include/restate everything in your activities section in your personal statement
- Make your statement “too personal” – you should be able to talk about the personal statement contents in an interview

Certification Statements

In order to complete and submit your application, you must certify the following statements by checking each box and clicking the Agree button.

☐ I certify that the information in this application and associated materials is current, complete, and accurate to the best of my knowledge. *

☐ I certify that all written passages, such as the personal statement, essays required from M.D.-Ph.D. applicants and descriptions of work/activities, are my own and have not been written, in part or whole, by a third party. Quotations are permitted if the source is cited. *

☐ I have read, understand, and agree to comply with the AMCAS Applicant Guide, including the provisions noting that I am responsible for monitoring and ensuring the progress of my application process, by checking the Main Menu of my application. *

☐ I understand that I am responsible for reviewing my application after AMCAS processing is complete. I am responsible for notifying AMCAS of any discrepancies resulting from the verification process by using the Academic Change Request process located in the Quick Links section of the Main Menu. *

☐ I have read, understand, and agree to comply with the Application and Acceptance Protocols for Applicants, which set forth guidelines for ethical conduct during the application process, and define important application cycle dates. *

☐ AAMC investigates and may report to legitimately interested parties discrepancies in information, attempts to subvert the admission process, and any other irregular matter that occurs in connection with application activities. I understand and agree that the sole and exclusive remedy available to me to appeal or otherwise challenge the AAMC's decision to send an investigation report to legitimately interested parties shall be confidential, binding arbitration through written submissions only to the Washington, D.C. office of the American Arbitration Association under the expedited procedures for commercial matters. I understand that my failure to request in writing arbitration within 30 calendar days of receipt of an investigation report that has been approved by the AAMC for transmittal to interested parties will constitute an absolute bar and waiver of this exclusive remedy. I further understand that the sole issue for arbitration shall be whether the AAMC acted reasonably and in good faith in making its decision. *

☐ I understand that I am responsible for learning the admissions requirements, application policies, and due dates for each school to which I am applying, and that I am not eligible for a refund of AMCAS fees if I do not meet the admissions requirements of the medical schools to which I apply. *

☐ I understand that I am required to inform the Admissions Office of each medical school to which I apply if I am convicted of, or plead guilty or no contest to, a misdemeanor or felony crime after the date of my original application submission and prior to medical school matriculation. I understand that this communication must be in writing and must occur within ten (10) business days of the occurrence of the conviction. *

☐ I understand that I am required to inform the Admissions Office of each medical school to which I apply if I become the subject of an institutional action after the date of my original application submission and prior to medical school matriculation. I understand that this communication must be in writing and must occur within ten (10) business days of the occurrence of the institutional action. *

Application and Acceptance Protocols for Applicants

SHARE:    

Recommendations to help ensure that all MD and MD-PhD applicants receive timely notification about the outcome of their AMCAS® application. These guidelines are not intended to supersede the policies, timelines, or discretion of individual schools or programs. Each applicant is expected to become familiar with the procedures and requirements of each school to which they apply.

The following steps are recommended to help ensure that all MD and MD-PhD applicants receive timely notification about the outcome of their applications, and to protect schools and programs from having unfilled positions in their entering classes. These protocols are often referred to as “Traffic Rules” by admissions officers and prehealth advisors. Prospective applicants, their advisors, and admission staff at medical schools and programs should all be aware of these Application and Acceptance Protocols for applicants. An applicant’s actions during the admissions process should be conducted in the spirit of professionalism and ethics expected of a future physician.

About the AMCAS Letter Writer Application

The Letter Writer Application enables letter writers to upload PDF documents to AMCAS rather than send letters via the mail. Once the PDF document is uploaded to the Letter Writer Application and after the processing of the AMCAS application the documents are made available to the medical schools designated by the applicant. Please click 'Help' after logging into the Letter Writer Application for instructions on uploading letters, or click [HERE](#) for a link to our public site which also contains detailed instructions.

The AAMC has established a centralized set of guidelines for letter writers. Please be sure to review these guidelines at www.aamc.org/amcasletters when writing letters of recommendation for applicants to medical schools.

About AAMC User Accounts

All major AAMC applications, such as AIS, AMCAS, MCAT THx, and the Fee Assistance Program use the same usernames and passwords. If you have used one of these systems please enter that username and password in the boxes to the left. **Each user needs a separate AAMC account and you will need to register if you are uploading for an AMCAS applicant as you cannot use your applicant's/student's AAMC ID and password to upload documents.**

Note: Medical schools may require your letters to be on official letterhead and include your signature.

The screenshot shows the AAMC website's 'Students & Residents' section. The navigation bar includes links for AAMC.ORG, STUDENTS & RESIDENTS, CAREERS IN MEDICINE (CIM), and AAMC STORE, along with a SIGN IN button. Below the navigation bar is a search bar and a list of links: Choosing a Medical Career, Applying to Medical School, Attending Medical School, Applying to Residency, Training in a Residency or Fellowship, and Quick Links. The main heading is 'Real Stories Demonstrating Core Competencies'. The text below the heading states: 'We interview medical students, their pre-health advisors, and the admissions officers who accepted them to learn about their path to medicine and how they demonstrated the Core Competencies for Entering Medical Students through the different parts of their application.' Below this is a section titled 'Core Competencies Guide & Resources:' with three links: 'The Core Competencies for Entering Medical Students', 'The Parts of Your Medical School Application', and 'Self-Assessment Guide'. At the bottom, there are three featured student profiles, each with a photo and a title: 'Dedication to Making a Difference: Richard Piszczatowski's Journey to Medical School', 'Resolve, Resilience & Reapplying: Idris Kosoko's Journey to Medical School', and 'Finding Meaning in Mentorship & Service: Jarrett Jackson's Path to Medical School'.
