Questions and Answers

# Common Transcript Issues

# When is an Official Academic Transcript Required?

College-level courses attempted while in high school, even if the courses did not count toward a degree at any college

Colleges at which you originally attempted a course, even if the credit was subsequently transferred to and accepted by another school

Colleges where you registered but did not earn any credit (e.g., incompletes, withdrawals, failures, audits)

Courses that did not count toward a degree regardless of whether credit was earned or transferred

Extension programs through which you attempted courses if the extension division provided a separate transcript

Correspondence and home study programs

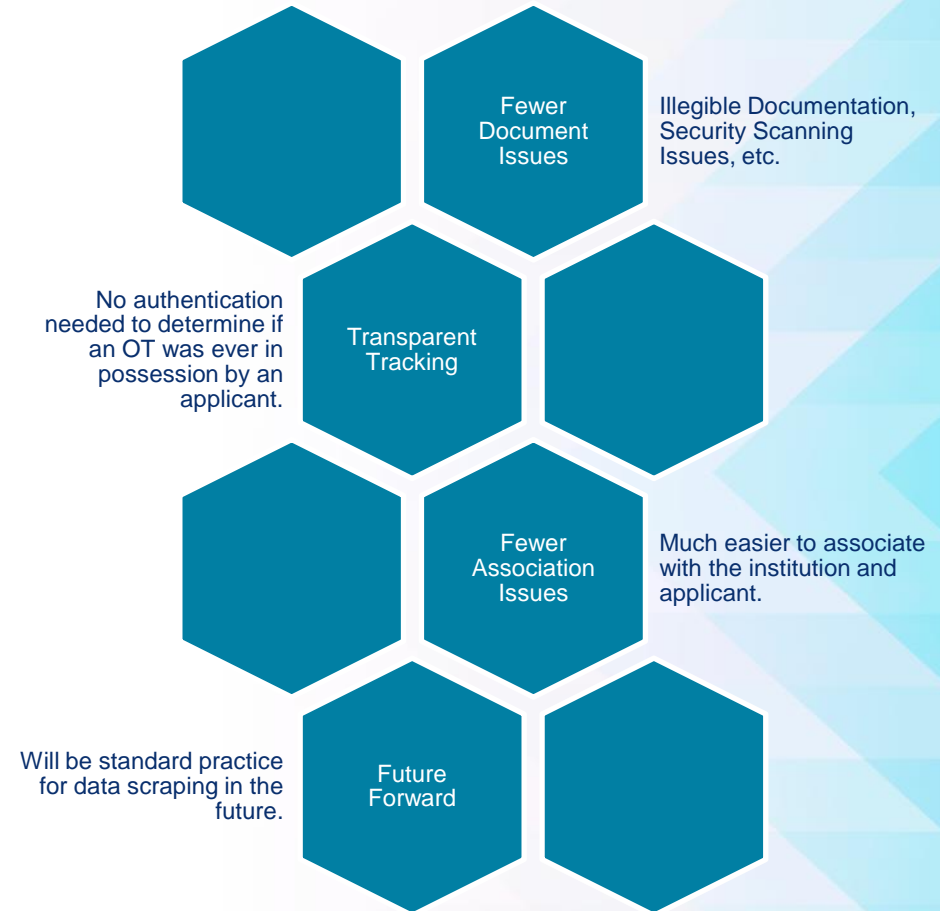

Military education and Joint Services Transcripts (JSTs)

American colleges overseas

U.S., U.S. territorial, and Canadian medical schools

# Electronic & Emailed Transcripts

- The AMCAS program prefers electronic transcript submission. For efficient processing, please submit your transcript electronically to the AMCAS program. **If you request an electronic transcript, do not send a paper transcript.** When requesting e-transcripts, make sure to provide your accurate AAMC ID and Transcript ID to prevent delays. If electronic submission is unavailable at your institution, mail paper transcripts to the provided address.

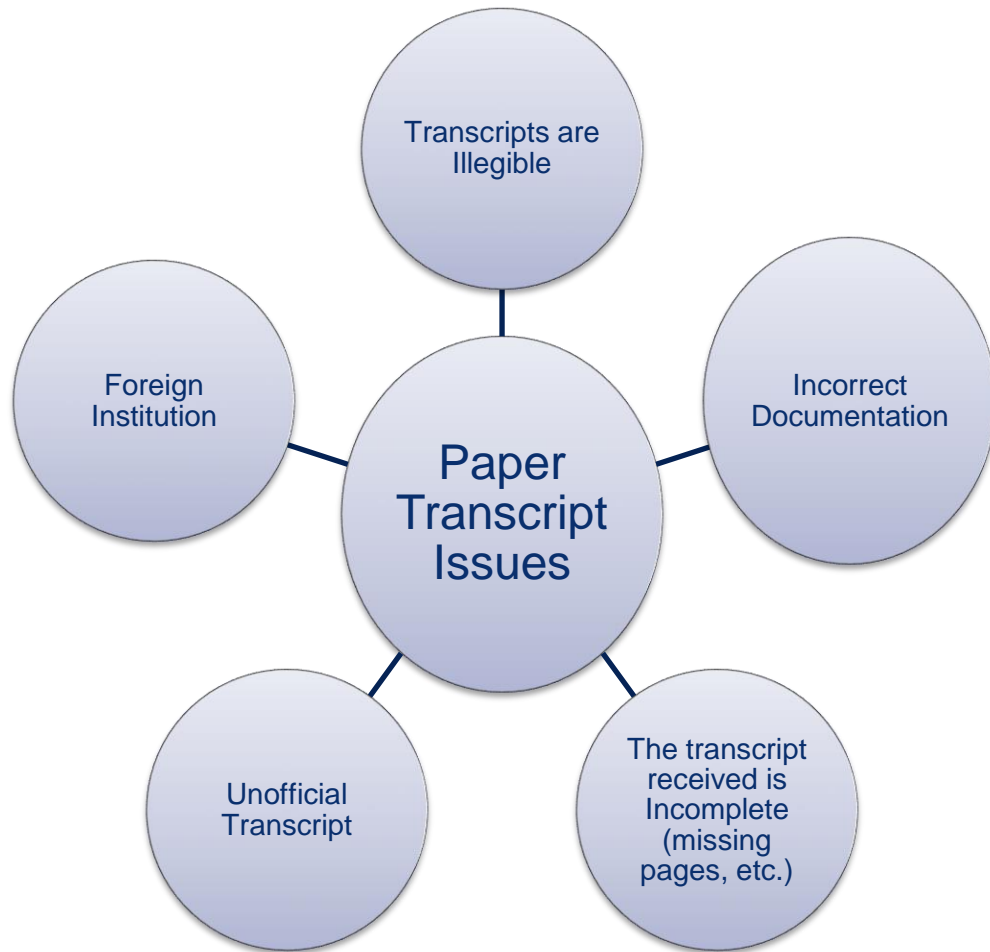

# Application Initiated Issues

Omission of  
alternate/preferred  
names to your  
application that appear  
on the official transcript

Modifying the names of  
schools attended

Failure to indicate that  
a transcript is not  
required

# Common Paper Transcript Issues

- ✓ Illegibility – Damage during transit, security features prevent legible scanning, faded ink, etc.
- ✓ Incorrect Documentation – wrong person/wrong institution, high school diplomas, etc.
- ✓ Incomplete Transcripts – Missing pages (i.e. page 2 of 3 is missing), missing a specific element on the transcript, etc.
- ✓ Unofficial Transcript – The transcript was received from an applicant, or is missing elements that are required to be considered an official transcript (i.e. registrar seal), etc.
- ✓ Foreign Institution – excludes U.S. Institutions based abroad.

## Military Service \*

The Department of Veterans Affairs (VA) has programs to support veterans' medical education. The Health Professions Scholarship Program (HPSP) and the Specialty Education Loan Repayment Program (SELRP) allow VA to give preference to veterans in granting financial support. HPSP is a scholarship program that funds health professions school expenses and provides a stipend for recipients attending any US medical school, and SELRP provides loan repayment for educational expenses.

SELRP is available to selected recent medical school graduates who have at least two years of residency training remaining. These programs require a service obligation at a VA facility after completion of residency. For more information, click on the link below.

# Your Application is Now Processed

Congratulations Elle Phant,

Your 2024 AMCAS application has completed processing. You are required to review your verified coursework and GPA. Please log in to AMCAS to review your application using the Print Application option located on the right side of the Main Menu in the application panel.

A legend for AMCAS verification marks is available in the [2024 AMCAS Applicant Guide](#).

\*\*\* Important \*\*\*

If you find discrepancies, or you disagree with changes made during the verification process after reviewing your application, you are responsible for submitting an Academic Change Request. The "Academic Change Request" button is available in the Quick Links panel on the left side of the Main Menu of the application. You must review the areas AMCAS will evaluate in an **Academic Change Request** before submitting your request.

AMCAS will not change or correct:

- Course names, titles, or numbers
- Updated grades and hours for certain types of courses that were left off the application and did not appear on any official transcript at the time of processing, including:
  - Current (CC)
  - Deferred Grade (DG)
  - Honors (H) - AMCAS does not add the Honors type if omitted by the applicant
  - Incomplete (I)
- Any other sections or items in your application

*\*AMCAS Academic Change Request policies are subject to change each application year.*

As part of our effort to continually improve our services, **you may be receiving an invitation to participate in a very brief survey** regarding the processing of your application and documents. We value your feedback and encourage you to take just a few minutes to complete the survey.

Sincerely,

AMCAS Operations

## Academic Change Request

AAMC ID: 213

The Academic Change Request process allows applicants to address verification errors or omissions that have a direct impact on the calculated AMCAS GPAs or the determined Primary Undergraduate School.

Please [review the AMCAS GPA policies](#), corrections made by AMCAS to your Academic Record during verification, and your own calculations before contacting AMCAS or submitting this request.

Before you submit this request, [review the changes that can be made by AMCAS](#) if re-verification is warranted.

If you have reviewed the policies and information referenced above and would like to request re-verification of your academic information, complete the form below.

Select the reason for your Academic Change Request:\*

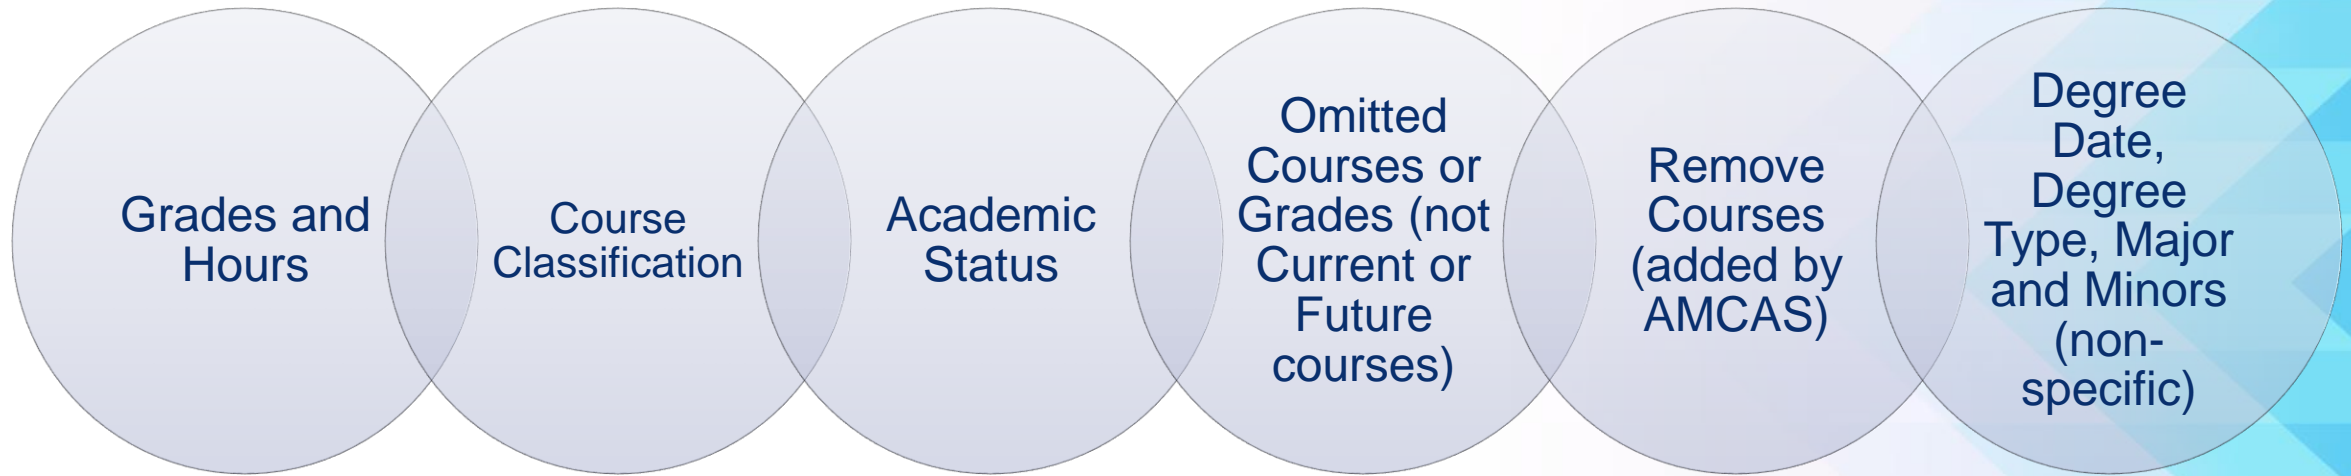

- ☐ Recompute the following GPA/hours
- ☐ Reverify the following courses
- ☐ Add the following courses
- ☐ Delete the following courses
- ☐ Update the following school information
