Questions and Answers

When is an Official Transcript Required?

Electronic & Emailed Transcripts

- ✓ The AMCAS program prefers electronic transcript submission. For efficient processing, please submit your transcript electronically to the AMCAS program
- ✓ **If you request an electronic transcript, do not send a paper transcript.** When requesting e-transcripts, make sure to provide your accurate AAMC ID and Transcript ID to prevent delays
- ✓ If electronic submission is unavailable at your institution, mail paper transcripts to the provided address
- ✓ Your school can only send emailed transcripts if they are or would like to become an approved sender.

Applicant Initiated Issues

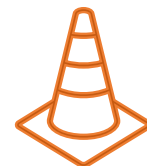

Omission of alternate/preferred names on your application that appear on the official transcript

Modifying the names of the schools attended

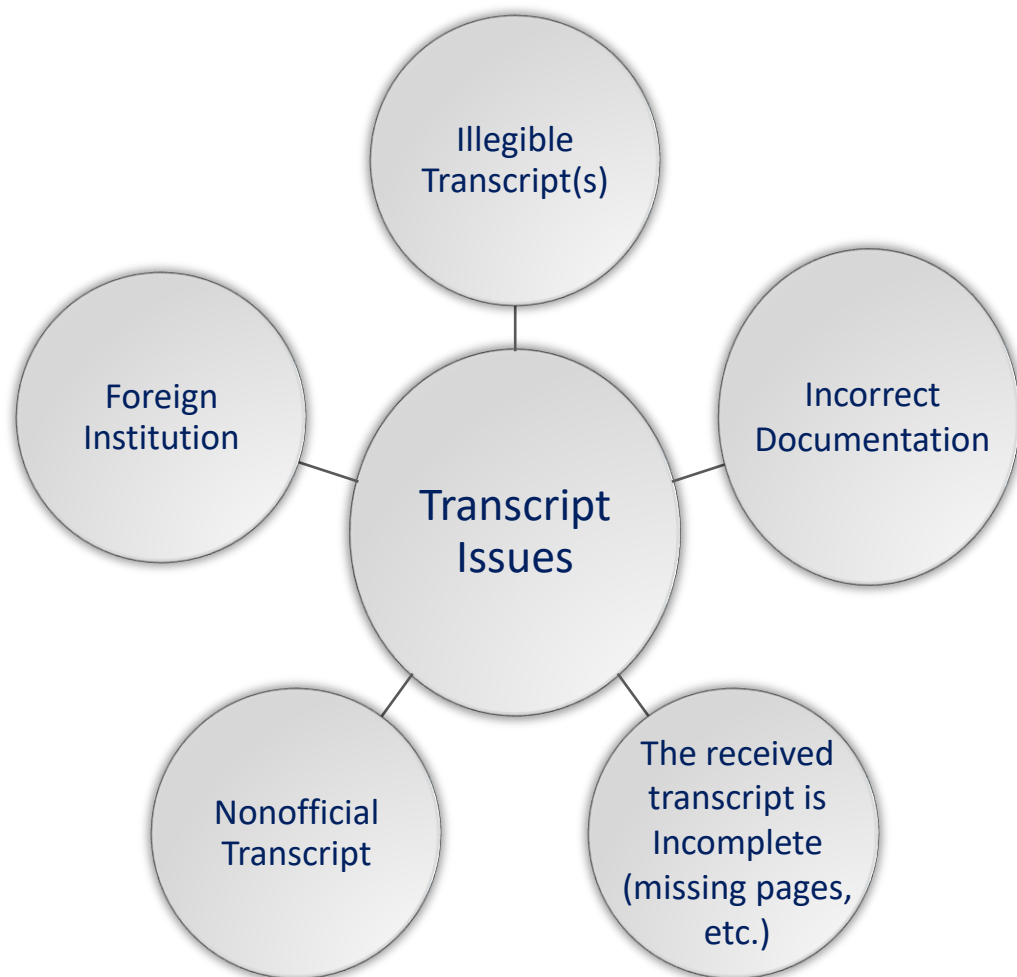

Failure to indicate that a transcript is not required

Potential Processing Delays

Common Transcript Issues

- ✓ Illegibility – Damage during transit, security features prevent legible scanning, faded ink, etc.
- ✓ Incorrect Documentation – Wrong person/wrong institution, high school diplomas, etc.
- ✓ Incomplete Transcripts – Missing pages (i.e. page 2 of 3 is missing), missing a specific element on the transcript, etc.
- ✓ Nonofficial Transcript – The transcript was received from an applicant, or is missing elements that are required to be considered an official transcript (i.e. registrar seal), etc.
- ✓ Foreign Institution – Excludes U.S. institutions based abroad

i The Department of Veterans Affairs (VA) has programs to support veterans' medical education. The Health Professions Scholarship Program (HPSP) and the Specialty Education Loan Repayment Program (SELRP) allow VA to give preference to veterans in granting financial support. HPSP is a scholarship program that funds health professions school expenses and provides a stipend for recipients attending any US medical school, and SELRP provides loan repayment for educational expenses.

SELRP is available to selected recent medical school graduates who have at least two years of residency training remaining. These programs require a service obligation at a VA facility after completion of residency. For more information, click on the link below.

Your Application is Now Processed

Congratulations Elle Phant,

Your 2024 AMCAS application has completed processing. You are required to review your verified coursework and GPA. Please log in to AMCAS to review your application using the Print Application option located on the right side of the Main Menu in the application panel.

A legend for AMCAS verification marks is available in the [2024 AMCAS Applicant Guide](#).

*** Important ***

If you find discrepancies, or you disagree with changes made during the verification process after reviewing your application, you are responsible for submitting an Academic Change Request. The "Academic Change Request" button is available in the Quick Links panel on the left side of the Main Menu of the application. You must review the areas AMCAS will evaluate in an **Academic Change Request** before submitting your request.

AMCAS will not change or correct:

- Course names, titles, or numbers
- Updated grades and hours for certain types of courses that were left off the application and did not appear on any official transcript at the time of processing, including:
 - Current (CC)
 - Deferred Grade (DG)
 - Honors (H) - AMCAS does not add the Honors type if omitted by the applicant
 - Incomplete (I)
- Any other sections or items in your application

**AMCAS Academic Change Request policies are subject to change each application year.*

As part of our effort to continually improve our services, **you may be receiving an invitation to participate in a very brief survey** regarding the processing of your application and documents. We value your feedback and encourage you to take just a few minutes to complete the survey.

Sincerely,

AMCAS Operations
