Name of school/program that offers the MPH curriculum:

University of Arkansas for Medical Sciences Fay W. Boozman College of Public Health (COPH)

Length of program:

5 years

Available Concentrations:

Flexible curriculum allows choice of several elective courses in Biostatistics, Environmental & Occupational Health, Epidemiology, Health Behavior/Health Education, or Health Policy & Management.

You may apply:

While applying to medical school
After acceptance to medical school, prior to matriculation
During 1st year of medical school
During 2nd year of medical school

Students are strongly encouraged to apply while applying to medical school. Students accepted to both programs may choose to spend one year full-time in the College of Public Health prior to matriculating into the College of Medicine, which creates the fewest disruptions in the student's course of study once in medical school.

MPH Tuition Policy:

Students pay tuition to the COPH when enrolled only in the COPH. For courses taken in the COPH during semesters in which the student is also a full-time student in the College of Medicine, tuition is paid only to the College of Medicine.
