

Medical School Admission Requirements™ (MSAR®) Report for Applicants and Advisors

MSAR Combined Degree Information

2022

USA

AL University of Alabama School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Alabama at Birmingham
About this program:	http://www.uab.edu/students/academics/emsap
Website for further information:	<p>The UAB Early Medical School Acceptance Program (EMSAP) is designed to give exceptional high school graduates an opportunity to take advantage of the best resources of the undergraduate and medical programs through a mentored relationship with faculty. This is not an accelerated program, rather a program to allow gifted students to explore a broad range of educational, research and community service opportunities beyond the typical Premedical experiences.</p> <p>Students are selected in their senior year of high school. Both residents and non-residents of Alabama are eligible to apply to the program.</p>
Combined medical degree/M.B.A.	<p>Majd Zayzafoon, MD, PhD, MBA Phone: (205) 934-5574 Email: mzayzafoon@uab.edu Website: https://www.uab.edu/business/home/mba/md-mba-dual-degrees</p>
Combined medical degree/M.P.H.	<p>Dustin Shaw Phone: 205-934-2684 Email: dshaw84@uab.edu Website: https://www.uab.edu/soph/home/graduate/programs/mp-h</p>
Combined medical degree/Ph.D.	<p>Randy Seay Phone: 205-934-4092 Email: mstp@uab.edu Website: http://www.uab.edu/uasom/mstp</p>
Postbaccalaureate program	<p>CDS Admissions Phone: 2059343209 Email: AskCDS@uab.edu Website: https://www.uab.edu/shp/cds/biomedical-and-health-sciences</p>
Additional Information	https://www.uab.edu/medicine/home/education/md-program

AL University of South Alabama College of Medicine

Combined medical degree/M.B.A.	<p>Dr. Binata Mukherjee MD, MBA Phone: 2514606102 Email: bmukherjee@southalabama.edu Website: http://southalabama.edu/colleges/mcob/mba/healthcare/</p>

USA

AR University of Arkansas for Medical Sciences College of Medicine	
Combined medical degree/M.P.H.	Website: http://www.medicine.uams.edu
Combined medical degree/Ph.D.	Sara Shalin, MDPH Phone: 5016868007 Email: SShalin@uams.edu Website: http://www.medicine.uams.edu
Summer programs	Brian Gittens, Ed.D. Phone: 5016867290 Email: BGittens@uams.edu Website: http://www.uams.edu

AZ University of Arizona College of Medicine	
Combined medical degree/Ph.D.	Dr. Todd Vanderah Phone: 5206267801 Email: vanderah@email.arizona.edu Website: http://mdphd.medicine.arizona.edu/
Additional Information	Please check our website for due dates and deadlines as they pertain to the MD/PhD program. They are different than the standard MD applicant deadlines.

AZ University of Arizona College of Medicine - Phoenix	
Combined medical degree/M.B.A.	Glen Fogerty, PhD Phone: 6028272005 Email: COMPXH-admissions@email.arizona.edu Website: http://phoenixmed.arizona.edu/education/degree-programs/mdmba
Combined medical degree/M.P.H.	Kim Barnes, MPH - Coordinator, Public Health Phone: 6028272070 Email: kim.barnes@arizona.edu Website: http://phoenixmed.arizona.edu/md-mph
Combined medical degree/Ph.D.	Ron Hammer, PhD - Program Director Phone: 6028272112 Email: rhammer@email.arizona.edu Website: http://phoenixmed.arizona.edu/md-phd
Additional Information	More information regarding all dual degree programs can be found at http://phoenixmed.arizona.edu/md-dual-degrees

USA

CA University of California, San Francisco, School of Medicine	
Combined medical degree/M.P.H.	Website: http://meded.ucsf.edu/mse/programs#MD-MPH%20Program
Combined medical degree/Ph.D.	Phone: 4154764423 Email: mstp@medicine.ucsf.edu Website: http://medschool.ucsf.edu/mstp
Postbaccalaureate program	Phone: 4155142277 Email: SOMOutreach@ucsf.edu Website: http://meded.ucsf.edu/outreach
Additional Information	There are four distinctive programs available that require a stated interest at the time of the secondary application. The four programs are the UCB-UCSF Joint Medical Program (JMP), the Medical Scientist Training Program (MSTP), the Program in Medical Education for the Urban Underserved (PRIME-US), and the San Joaquin Valley Program in Medical Education (SVJ PRIME). The UCB-UCSF Joint Medical Program is a five-year program leading to a graduate degree from UC Berkeley and an MD degree from UCSF. The MSTP is a combined MD/PhD program that prepares students for careers as physician-scientists. PRIME-US is a five-year program for medical students interested in devoting their careers to serving urban underserved populations and/or conducting research focused on the health of urban underserved communities. SVJ PRIME students focus on serving populations in the central valley. More information about all program options can be found at https://meded.ucsf.edu/degrees-and-programs .

CA University of California, Los Angeles David Geffen School of Medicine	
Combined medical degree/M.B.A.	Emma Ledesma Phone: 3108259573 Email: PrimeLA@mednet.ucla.edu Website: https://medschool.ucla.edu/prime
Combined medical degree/M.P.H.	Emma Ledesma Phone: 3108259573 Email: PrimeLa@mednet.ucla.edu Website: https://medschool.ucla.edu/prime
Combined medical degree/Ph.D.	Susie Esquivel Phone: 310 794-1817 Email: aesquivel@mednet.ucla.edu Website: http://mstp.healthsciences.ucla.edu/

Summer programs	Jam Narte Phone: 310 825-3575 Email: UCLAPREP@mednet.ucla.edu Website: https://medschool.ucla.edu/apply/prep
Additional Information	UCLA-Caltech MSTP (combined MD-PhD) UCLA-PRIME (concurrent MD-Master's program: MD/MBA, MD/MPH, MD/MPP)

USA

CA University of California, Irvine, School of Medicine	
Combined medical degree/M.B.A.	Kyle Paredes, M.D., M.B.A. Phone: 9498241129 Email: MDMBAProgram@uci.edu Website: http://www.meded.uci.edu/curricular-affairs/md-mba.asp
Combined medical degree/M.P.H.	Bharath Chakravarthy, MD, MPH Phone: 949-824-7095 Email: phgo@uci.edu Website: http://www.meded.uci.edu/curricular-affairs/md-mph.asp
Combined medical degree/Ph.D.	Joanne Wu Phone: 949-824-5264 Email: mstp@uci.edu Website: http://mstp.uci.edu
Postbaccalaureate program	Sarah Scali Phone: 9498245388 Email: pbsom@uci.edu Website: http://www.meded.uci.edu/admissions/postbaccalaureate.asp
Additional Information	Medical students apply to the M.B.A. and M.P.H. programs in their second year of medical school.

CA Loma Linda University School of Medicine	
Combined medical degree/Ph.D.	Penelope Duerksen-Hughes, PhD Phone: 909 558 4480 Email: pdhughes@llu.edu Website: https://medicine.llu.edu/research/graduate-programs/mdphd-program
Summer programs	Website: https://medicine.llu.edu/research/summer-research-programs
Additional Information	The Medical Scientist Program (MSP) at Loma Linda University is designed to attract those students who are energized by doing biomedical research and wish to contribute substantially to this enterprise. The expectation is that graduates of this program will pursue a career in academic medicine and medical research. The program integrates graduate and medical education in a Christian environment and is designed to allow completion of both the PhD and MD degrees. *Please note: MD/PhD students start with the first two years of medical school, followed by the PhD program, and then back to medical school for the remaining two years.

CA Keck School of Medicine of the University of Southern California	
Combined medical degree/M.B.A.	Phone: 3234422552 Email: medadmit@usc.edu Website: http://www.marshall.usc.edu

Combined medical degree/Ph.D.	Saul Schaefer, M.D. Phone: (530) 752-0718 Email: sschaefer@ucdavis.edu Website: https://health.ucdavis.edu/mdprogram/MD_Ph.D/about.html
Postbaccalaureate program	Olivia Campa Phone: 9167342615 Email: omcampa@ucdavis.edu Website: https://health.ucdavis.edu/diversity/postbaccalaureate/index.html

USA

CA University of California, Riverside School of Medicine

Postbaccalaureate program	<p>Teresa Cofield Phone: 951-827-4935 Email: teresa.cofield@medsch.ucr.edu Website: http://medschool.ucr.edu/pipeline_programs.html</p>
----------------------------------	---

CA California Northstate University College of Medicine

Postbaccalaureate program	<p>Francisco Leite Phone: 9166868378 Email: admissions.chs@cnsu.edu Website: http://healthsciences.cnsu.edu/programs-offered/post-baccalaureate-programs/pmpb-about/pmpb-about</p>
----------------------------------	--

Additional Information	<p>California Northstate University offers pathways to medicine. These include an MPS to MD pathway and a BS to MD pathway. More information about these can be found at: https://www.cnsu.edu/</p>
-------------------------------	---

CA Kaiser Permanente School of Medicine

Combined medical degree/Ph.D.	<p>Dr. Jose Barral Phone: 6265645360 Email: Jose.M.Barral-Sanchez@kp.org Website: https://medschool.kp.org</p>
--------------------------------------	--

Additional Information	<p>Students at Kaiser Permanente School of Medicine will have the opportunity to acquire additional degrees to further prepare them to become scientists, leaders and advocates. Through a partnership with Caltech, students will be able to obtain an MD-PhD, and through partnerships with Loyola Marymount University, University of California, Los Angeles and University of Southern California, they can obtain a Master of Healthcare Systems Engineering, a Master of Public Health, and a Master of Health Administration, respectively.</p>
-------------------------------	---

CO University of Colorado School of Medicine

Combined medical degree/M.P.H.	<p>Lori Crane, Ph.D. Phone: 303 724 4472 Email: Lori.crane@cuanschutz.edu Website: http://www.ucdenver.edu/academics/colleges/PublicHealth/Apply/Admissions/Pages/MPHReqs.aspx</p>
---------------------------------------	--

Additional Information	<p>The School also offers a combined MD/MS in Bioengineering. Additional information may be found at https://engineering.ucdenver.edu/academics/departments/bioengineering.</p>
-------------------------------	---

USA

FL University of Florida College of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Florida
About this program:	http://mhp.med.ufl.edu/
Website for further information:	<p>The Medical Honors Program (MHP), formerly Junior Honors Medical Program (JHMP), is an accelerated 7 Year B.S./M.D. program offered by the University of Florida. Admission is open to all eligible candidates who are United States citizens or permanent residents.</p> <p>This is not a high school entry program. This program is intended for second year undergraduate students dedicated to a career in medicine, and who have demonstrated superior scholastic ability, commitment to humanism and personal development during their first two academic years of enrollment at a 4 year accredited science degree granting institution. When accepted to this program, a student reserves a place in the MD program at the University of Florida College of Medicine, conditional upon successful completion of all academic, extracurricular and professionalism requirements set forth in the MHP curriculum.</p>

USA

FL University of Miami Leonard M. Miller School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Miami, Coral Gables Campus
About this program:	http://admissions.med.miami.edu/md-programs/dual-degree-program-in-medicine
Website for further information:	The former Honors Program in Medical Education (HPME) has transitioned into the new and innovative Health Professions Mentoring Program (HPM). This change does not impact any students currently enrolled as either undergraduate or graduate students in the HPME. Given the nature of the HPME that conditionally assures accepted applicants of a place in the University of Miami Miller School of Medicine, all HPME students are required to participate in a professionalism experiences during each semester after they are accepted into the HPME.
Combined medical degree/J.D.	Hakim Lakhdar Phone: 3052844345 Email: hlakhdar@law.miami.edu Website: https://med.miami.edu/medical-programs/md-jd-program
Combined medical degree/M.B.A.	Kimberly Migoya Phone: 3052843920 Email: kdm35@miami.edu Website: https://med.miami.edu/medical-programs/md-mba-program
Combined medical degree/M.P.H.	Roderick King, M.D. Phone: 3052438331 Email: r.king@med.miami.edu Website: https://med.miami.edu/medical-programs/md-mph-program
Combined medical degree/Ph.D.	Dr. Sandra Lemmon Phone: 305 243 1094 Email: slemmon@med.miami.edu Website: https://med.miami.edu/medical-programs/md-phd-program
Summer programs	Stephen Symes MD Phone: 3052437156 Email: ssymes@med.miami.edu Website: http://www.miami.edu/medical-admissions
Additional Information	<p>The educational mission of the University of Miami Miller School of Medicine interdisciplinary MD/MPH dual degree program is to graduate physicians with the ability and desire to improve the health of all populations, especially those most vulnerable and underserved, by alleviating suffering and eliminating healthcare disparities through their leadership in patient care, research, education, health care administration and the community.</p> <p>The University of Miami Miller School of Medicine (UMMSM) MD/MPH program is unique in several ways. Our program integrates significant components of the MPH coursework into the curriculum beginning in the first year and culminating in a required four-week clerkship in Public Health in the fourth year.</p> <p>The University of Miami Miller School of Medicine also offers a dual degree MD/MS in Genomics. Students will be able to select this option after the first semester of medical school.</p>

USA

FL USF Health Morsani College of Medicine	
Baccalaureate/MD Program	
Undergraduate College(s):	University of South Florida
About this program:	https://www.usf.edu/honors/prospective-students/7-year-med.aspx
Website for further information:	<p>Students' first three years of college study will be completed at the Judy Genshaft Honors College at USF and the fourth year will be completed through the Morsani College of Medicine (MCOM). A Bachelor of Science (B.S.) will be conferred following successful completion of undergraduate requirements (typically after the fourth year of study). Students applying for this accelerated program will complete a major in Biomedical Sciences (BMS). The Doctor of Medicine (M.D.) will be conferred by MCOM after the successful completion of the 4-year medical program.</p> <p>During the first three years of study Judy Genshaft Honors College academic advisors will provide oversight of the student's progress in meeting undergraduate requirements and will coordinate overall completion of the first phase of the program. The Morsani College of Medicine will provide oversight of the 4-year medical school curricular components of the program.</p>

Postbaccalaureate program	Barbra A. Roller, PhD Phone: 3053487289 Email: rollerb@fiu.edu Website: https://medicine.fiu.edu/academics/degrees-and-programs/certificate-in-molecular-and-biomedical-sciences/index.html
Summer programs	Cheryl Holder, MD Phone: 3053400698 Email: cholder@fiu.edu Website: https://medicine.fiu.edu/academics/degrees-and-programs/doctor-of-medicine/pre-med-programs/f-star/index.html
Additional Information	<p>Students in period three of medical study may apply to the MBA, MPH or Master of Science in Health Informatics and Analytics (MSHIA) programs. Combined degree students complete the first 3 years of coursework in the MD degree program. At the beginning of the 4th period of study, students admitted to another degree pause their medical studies and begin classes in the MBA, MPH or MSHIA program. Classes in the MBA program are taken during fall and spring semesters of the medical student's fourth year of study (33 credit hours) as well as the summer for the MPH and MSHIA programs (36 and 27 credits respectively). Nine credits taken through HWCOC are applied toward the 42 credits required for the MBA degree, toward the 45 credits for the MPH and 10 credits toward the 37 credit MSHIA program. At the beginning of the 5th year, students resume study as part of the MD degree program and those who successfully complete all requirements graduate with a combined degree at the end of the 5 years.</p>

USA

FL Charles E. Schmidt College of Medicine at Florida Atlantic University

Baccalaureate/MD Program	
Undergraduate College(s):	Florida Atlantic University Florida A & M University
About this program:	http://med.fau.edu/admissions/pipeline.php
Website for further information:	<p>The MED DIRECT Program works in partnership with FAU's College of Medicine and creates special opportunities for undergraduates who demonstrate a strong interest in medicine, a high level of academic ability, a passion for service and commitment to volunteerism.</p> <p>The Wilkes Medical Scholars Program is a highly selective, early admission program into The Charles E. Schmidt College of Medicine for students who have a strong desire to pursue a career in medicine. Students select from twenty-seven academic concentrations and receive either a B.A. or a B.S. in Liberal Arts and Sciences, from the Wilkes Honors College in Jupiter and the M.D. degree from FAU's College of Medicine in Boca Raton in seven or eight years.</p> <p>This partnership with FAMU is an 8-year Bachelor of Science-Medical Doctor dual-degree program for outstanding high school seniors who have made an early and informed decision to become a physician.</p>
Combined medical degree/M.B.A.	College of Medicine Student Affairs Email: COMStudentAffairs@health.fau.edu Website: http://med.fau.edu/admissions/dual-degrees.php
Postbaccalaureate program	Gloria Fuentes Phone: 5612974828 Email: cominfo@health.fau.edu Website: http://med.fau.edu/postbac/index.php
Additional Information	The Florida Atlantic University (FAU) Charles E. Schmidt College of Medicine and The Scripps Research Institute (TSRI) have established a dual M.D./Ph.D. degree program to provide rigorous training for talented students pursuing a clinician-scientist career path. The program combines the unique preclinical and clinical training programs at FAU's Charles E. Schmidt College of Medicine with laboratory research training and interdisciplinary science courses offered on the Florida campus of TSRI, a biomedical research institute whose Doctoral Program in Chemical and Biological Sciences is consistently ranked among the top ten in the nation. TSRI's program is customizable depending on the student's research interests and biomedical research goals. The medical degree is awarded by the FAU Charles E. Schmidt College of Medicine and the doctorate by TSRI.

USA

GA	Emory University School of Medicine
Combined medical degree/M.B.A.	Kate Piasecki Phone: 4047276605 Email: kate.piasecki@emory.edu Website: http://www.goizueta.emory.edu/degree/fulltimemba/mba-md.html
Combined medical degree/M.P.H.	Dr. Michael Goodman Phone: 4047272734 Email: mgoodm2@emory.edu Website: http://med.emory.edu/education/programs/md_dual/index.html
Combined medical degree/Ph.D.	Cathy Quinones Phone: 4047276977 Email: mdphd@emory.edu Website: http://med.emory.edu/education/programs/md_dual/index.html
Additional Information	Applicants may apply directly to the MD/MPH and MD/PhD programs on the Emory Supplemental Application. Students may decide to apply to the MD/MPH program anytime up until December of the third year of medical school. Students may also decide to apply to the MD/PhD program, but an application and interview must be completed by the end the first year. Medical students may also complete an MA in Bioethics, an MS in Clinical Research (MSCR), an MBA, or a Juris Master (JM) at Emory, but a separate application is required and students are urged to apply or state their interest in these programs early in their MD curriculum to allow for maximum scheduling options.

USA

GA Medical College of Georgia at Augusta University

Baccalaureate/MD Program	
Undergraduate College(s):	Augusta University
About this program:	https://www.augusta.edu/scimath/biology/bs-md-dmd.php
Website for further information:	Augusta University allows outstanding students the opportunity to achieve their BS and MD degrees in only seven years. Students spend their first three years in pursuit of the BS in Cell and Molecular Biology through the Department of Biological Sciences in the College of Science and Mathematics (CSM). In their fourth year, students meeting degree and program requirements enter their four year medicine program at the Medical College of Georgia (MCG). The BS Degree will be conferred following completion of the first year of the medical curriculum.

IL University of Chicago Division of the Biological Sciences The Pritzker School of Medicine	
Baccalaureate/MD Program	
Undergraduate College(s):	University of Chicago
About this program:	http://collegecatalog.uchicago.edu/thecollege/professionalsoptionmedicine/
Website for further information:	The University of Chicago Pritzker School of Medicine's Professional Option Program in Medicine permits undergraduate students who have demonstrated outstanding potential for success in medicine to begin medical school during their fourth year in the College. This is a highly competitive, merit-award program. Due to the accelerated nature of the curriculum, applicants must have outstanding academic credentials as evidenced by a combination of GPA and MCAT scores that place them among the top candidates nationwide for medical school. Additionally, eligible students have a clear understanding of their motivation for medicine and can provide evidence of analytical thinking, effective communication skills, leadership, and meaningful engagement in the various communities in which they participate, in addition to compelling reasons to attend Pritzker.

IL	University of Illinois College of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	The University of Illinois at Chicago
About this program:	https://medicine.uic.edu/gppa/
Website for further information:	The GPPA—Medicine program allows a limited number of high school seniors from Illinois per year to be admitted to UIC with guaranteed admission to the M.D. degree program. Students follow a specific curriculum and meet established performance criteria to maintain guaranteed admission. With the security of GPPA, students are able to focus on undergraduate studies and have the freedom to pursue many subject areas and disciplines. In addition, participants have early and frequent contact with medical school faculty and advisors. Most students in GPPA also benefit from the facilities and services of the UIC Honors College.

MA Boston University School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	Boston University
About this program:	https://www.bu.edu/academics/cas/programs/seven-year-liberal-arts-medical-education-program/
Website for further information:	BU offers high-ability freshman applicants a faster route to a career in medicine. If admitted into the Seven-Year Liberal Arts / Medical Education Program, you can complete both a bachelor's degree and a medical degree in seven years instead of the usual eight. You will receive a Bachelor of Arts in Medical Science from the College of Arts & Sciences with a Doctor of Medicine from the Boston University School of Medicine. Qualified applicants include students who are completing four full academic years of secondary education and who are currently high school seniors, or students who have completed high school but have not enrolled in any college-level, degree-granting program.

MN Mayo Clinic School of Medicine

Combined medical degree/Ph.D.	Lisa A. Schimmenti, M.D. Phone: 5072844356 Email: mayoclinicmdphd@mayo.edu Website: https://college.mayo.edu/academics/biomedical-research-training/medical-scientist-training-program-md-phd/
Additional Information	The Mayo Clinic Medical Scientist Training Program (MSTP) is an M.D.-Ph.D. training program that prepares students to translate scientific discoveries into applications that improve patient care. Mayo Clinic MSTP students are able to complete laboratory research rotations and Ph.D. research training at any of the three Mayo campuses — Rochester, Minnesota; Phoenix/Scottsdale, Arizona; and Jacksonville, Florida. Students are able to complete the final two years of medical school at the same campus where they completed the Ph.D. research training. Candidates have the opportunity to request the second look visit in Minnesota, Arizona or Florida.

MO Saint Louis University School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	Saint Louis University, Drury University, Rockhurst University, Spring Hill College
About this program:	https://www.slu.edu/scholars/medical-scholars/index.php
Website for further information:	The Saint Louis University Medical Scholars Program offers an exclusive opportunity for first-time freshmen to gain conditional early acceptance to the SLU School of Medicine. The program provides early application privileges but does not guarantee acceptance to the School of Medicine; however, participation in this program and its challenging nature greatly increase students' likelihood of matriculation to medical school. Regardless of admission status, all scholars are required to take the Medical College Admission Test (MCAT) and are expected to perform to the best of their ability. For undergraduate institutions other than Saint Louis University, please refer to the college's web site for more information. The Medical Scholars Program is not an accelerated program.

MO University of Missouri-Kansas City School of Medicine	
Baccalaureate/MD Program	
Undergraduate College(s):	University of Missouri - Kansas City
About this program:	http://med.umkc.edu/bamd
Website for further information:	A medical student's journey begins as soon as they enter the UMKC School of Medicine's B.A./M.D. program. Immediate exposure to a curriculum that builds a strong foundation in medical science and clinical skills is integrated with the liberal arts and humanities into a year-round program. Our program allows students to choose an undergraduate major and earn their B.A. and M.D. in six years. During the first two years of the program, three-fourths of a student's time is dedicated to the arts and sciences to fulfill baccalaureate degree requirements, while one-fourth is spent in medical school coursework. In the final four years of the program, the majority of the student's time is spent in medical school coursework with a smaller percentage of time spent completing baccalaureate degree requirements. *Program application process outside of AMCAS
Summer programs	Zumi Urueta Phone: 816-235-1870 Email: medicine@umkc.edu Website: https://med.umkc.edu/summerscholars/
Additional Information	The B.A./M.D. Program does not use the AMCAS application. The B.A./M.D. program is intended for high school seniors or first year college students that have earned less than 24 college credit hours. Interested applicants can visit med.umkc.edu/bamd for more information regarding the program and the application process.

NJ	Rutgers New Jersey Medical School
Baccalaureate/MD Program	
Undergraduate College(s):	Caldwell University; Drew University; Montclair State; New Jersey Institute of Technology (NJIT); Rutgers University-Newark; Stevens Institute of Technology; The College of New Jersey (TCNJ)
About this program:	http://njms.rutgers.edu/admissions/programs_7_8_year.cfm
Website for further information:	The program consists of three years at an undergraduate school followed by a four-year medical program. Although not used to determine admission, the MCAT must be taken prior to matriculation. Promotion to the medical school is contingent upon achieving grades of B or better in all premedical courses and maintaining an overall grade point average of at least 3.5 each semester. The baccalaureate degree is awarded by the undergraduate institution upon completion of the first year of medical school. The MD degree is awarded by NJMS upon successful completion of all NJMS degree requirements.

NJ Rutgers, Robert Wood Johnson Medical School

Baccalaureate/MD Program	
Undergraduate College(s):	Rutgers, The State University of New Jersey; Rutgers University Honors College; Princeton University
About this program:	https://rwjms.rutgers.edu/education/medical_education/admissions/special.html
Website for further information:	The Rutgers University Robert Wood Johnson Medical School BA/MD Program is designed to permit integration of basic medical sciences into the undergraduate curriculum to graduate broadly educated students who will assume leadership roles in medicine. Students apply to the program in their fourth semester at Rutgers University. Selected students will be on track to obtain bachelor and medical degrees in seven years: http://rwjms.rutgers.edu/education/medical_education/admissions/special.html . An additional BAMD program with the Honors College of Rutgers is a unique 4+4 offering that is designed to educate the doctors the world will need in the 21st Century. Application is by invitation only: https://honorscollege.rutgers.edu/4-plus-4-program . Another 4+4 BA/MD program in collaboration with Princeton University is offered for URM students who are strongly interested in our mission.

Additional Information	RWJMS, Rutgers School of Graduate Studies, and Princeton University offer an MD/PhD program with fellowships and tuition support. Students apply to the MD/PhD program directly in conjunction with their application to this medical school. Rutgers has a PharmD/MD with the Ernest Mario School of Pharmacy of Rutgers University. Students apply to RWJMS while in the graduate portion of the PharmD program. Other Rutgers MD/Grad degrees include MD/MPH; MD/MBA; MD/MS Clinical and Translational Science. There is an opportunity for Rutgers MD/JD. Students apply to these programs after MD acceptance or at any point during matriculation. There is a wide array of programs across disciplines at the university. Some students opt to obtain an additional graduate degree at an institution outside of Rutgers by pursuing the “student scholar” option. Please also explore our distinction programs: https://rwjms.rutgers.edu/education/medical_education/distinction-programs

NM University of New Mexico School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of New Mexico
About this program:	https://hsc.unm.edu/medicine/education/ba-md/
Website for further information:	<p>BA/MD is for New Mexico high school seniors interested in an educational path that will lead to a doctor of medicine (MD) degree from the UNM School of Medicine.</p> <p>The degree is designed to help address the state's physician shortage by assembling a class of diverse students who are committed to serving New Mexico communities. This partnership program, between the UNM College of Arts & Sciences and the UNM School of Medicine, is open to New Mexico high school seniors planning to begin college in the fall semester after their high school graduation.</p> <p>This program is also eligible to members of an Indian nation, tribe or pueblo located wholly or partially in NM, graduating from a local high school.</p> <p>Upon successfully completing the four-year baccalaureate degree through the College of Arts & Sciences, students will then transition to the School of Medicine to complete their doctor of medicine degree.</p>
Combined medical degree/M.P.H.	<p>Gayle Garcia Phone: 505 272 4173 Email: garcia@salud.unm.edu Website: https://hsc.unm.edu/population-health/programs/graduate-programs/masters/</p>

Postbaccalaureate program	<p>Office of Admissions Phone: 5052724766 Email: somadmissions@salud.unm.edu Website: https://hsc.unm.edu/medicine/education/md/admissions/</p>
Summer programs	<p>Office of Diversity, Equity and Inclusion Phone: 5052722728 Email: diversity@salud.unm.edu Website: https://hsc.unm.edu/diversity/programs/</p>
Additional Information	<p>The MD/PhD program is designed to provide comprehensive training in both clinical sciences and a basic biomedical science discipline. The intent of the program is to provide students with an integrated and cohesive training experience while obtaining the MD/PhD degree. Students participate in activities common to both programs while involved in the medical school curriculum or engaged in PhD dissertation research.</p> <p>The program consists of 2 years of the medical school curriculum followed by 3-4 years of graduate courses and PhD dissertation research, and concludes with the remaining 2 years of the medical school curriculum. The PhD and MD degrees are awarded simultaneously at the end of the entire training period. Students can pursue many lines of research activity performed by investigators in biomedical research in the School of Medicine.</p>

USA

NV University of Nevada, Reno School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Nevada, Reno
About this program:	https://med.unr.edu/md-admissions/bs-md-program
Website for further information:	<p>The BS-MD Program is a comprehensive, rigorous and supportive four-year pre-medical education undergraduate program for highly motivated, mature, and academically exceptional students who are on the pathway to a career as a physician. To apply to the BS-MD, candidates must reside in Nevada and be completing their Senior year at a Nevada high school. The program admits approximately eight students per year.</p> <p>BS-MD students who complete all requirements for graduation from the University of Nevada, Reno, and meet grade, GPA, MCAT, and all program requirements outlined in the BS-MD Student Handbook are guaranteed admission to UNR Med upon completion of an AMCAS application, secondary application and interview.</p>

USA

NY University of Rochester School of Medicine and Dentistry

Baccalaureate/MD Program	
Undergraduate College(s):	University of Rochester
About this program:	https://enrollment.rochester.edu/professional-degree-programs/remss/#about-remss
Website for further information:	Rochester Early Medical Scholars (REMS) is an eight-year BA/BS + MD program for outstanding undergraduates who are committed to pursuing a medical career. As a REMS student, you are admitted to the University's School of Medicine and Dentistry once you successfully complete your bachelor's degree and pre-med core courses. You will also work closely with highly respected faculty members, attend special events, gain hands-on experience in clinics and labs, and earn funding for summer research projects. A broad focus on liberal arts is encouraged through an emphasis on community engagement, active involvement in research and exploring your humanistic interests (music, advocacy, arts, etc.). REMS students benefit from close mentorship and advising, access to the medical center through REMS connections and the latitude for international exploration.

Additional Information	Our combined MD/MBA degree program is a 5-year program. Matriculants in this program complete their first year of study at the Simon School of Business, then spend 4 years in the School of Medicine and Dentistry and take additional electives for credit in both schools.

USA

NY State University of New York Upstate Medical University

Baccalaureate/MD Program	
Undergraduate College(s):	Adelphi University, Albany College of Pharmacy & Health Sciences, Bard College at Simon's Rock, Colgate University, Hamilton College, Hampton University, SUNY Purchase, Rochester Institute of Technology, SUNY Polytechnic Institute, SUNY Environmental Science & Forestry, Spelman College, University at Albany, Yeshiva University, and Syracuse University.
About this program:	https://www.upstate.edu/com/admissions/options/bs-md.php
Website for further information:	<p>These programs are designed for students who wish to apply to both an undergraduate institution and medical school simultaneously. If accepted, you will be guaranteed acceptance into SUNY Upstate's College of Medicine upon completion of your undergraduate degree and as well as the outlined admissions requirements.</p> <p>Applicants are welcome to apply to multiple institutions from our list of partners below (note: please check specific timelines, some programs are for matriculated freshmen, not high school seniors). These institutions must accept you first and then recommend you to our program. Upstate will screen these recommendations and then invite students to interview. Students may interview through more than one partner institution and may even have the option to be accepted to Upstate Accelerated Scholars through multiple partner institutions.</p>

USA

NY Stony Brook University School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	Stony Brook University
About this program:	https://www.stonybrook.edu/undergraduate-admissions/academics/honors.php
Website for further information:	Stony Brook University offers an integrated eight-year program for students interested in attending medical school following their undergraduate degree. The Scholars for Medicine (SFM) track offers selected students in the Honors College, WISE Program or University Scholars Program an opportunity to complete a combined Bachelor's/MD course of study while participating in pre-medical classes and activities. Students accepted into any of these tracks are reserved a seat in the Renaissance School of Medicine upon graduation provided they complete all applicable program requirements. Successful applicants to the program (the middle 50th percentile ranges) have historically had 98-99 high school GPAs and 1490-1590 SAT composite scores. ACT exam scores are now considered in lieu of SAT scores. Candidates must also have documentation of U.S. citizenship or permanent residency in the United States.

NY CUNY School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	City College of New York
About this program:	https://www.ccnycunyc.edu/csom/bsmd
Website for further information:	This is a 7 year combined BS/MD program, with the only entry point as a freshman in college.
Summer programs	Joy Richards Phone: 2126505474 Email: Jrichards@med.cuny.edu Website: http://www.ccnycunyc.edu/sophiedavis/prematriculationprogram.cfm

USA

NY Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

Baccalaureate/MD Program	
Undergraduate College(s):	Hofstra University
About this program:	http://www.hofstra.edu/admission/adm_4plus4.html
Website for further information:	<p>Entry to this program is highly selective, and only those who demonstrate superior high school achievement and academic aptitude, and who apply to Hofstra as first-time, full-time freshmen will be considered.</p> <p>As a dual degree candidate, students have multiple undergraduate majors to choose from, all of which will satisfy the School of Medicine prerequisite course requirements. BS-BA/MD Dual Degree Program students will have highly skilled advisement specialists to help determine the best choice of major for their interests and aspirations. The pre-medical course requirements for BS-BA/MD students correspond to the recommended coursework for applicants to the MD program in the same academic year as the year accepted BS-BA/MD students matriculate as undergraduate students at Hofstra University.</p>
Combined medical degree/M.B.A.	<p>Tiffany Jordan, MHEA Phone: 5164637417 Email: tiffany.m.jordan@hofstra.edu Website: https://medicine.hofstra.edu/education/md-mba/index.html</p>

Summer programs	<p>Catherine Bangeranye Phone: 5164637340 Email: Catherine.Bangeranye@hofstra.edu</p>
Additional Information	<p>Students are eligible to apply for admission to the MD/MPH or MD/MBA program post matriculation. The goal of the joint degree program is to facilitate the attainment of both degrees within five years. Accepted students take an additional year between their third and final (fifth) year of training to complete the majority of their MPH or MBA course work. Most MD/MPH and MD/MBA students use a portion of their elective time during their final year of medical school to complete MBA or MPH course work.</p>

Combined medical degree/Ph.D.	Dr. Ann L. Olson Phone: 4052712503 Email: mdphd-program@ouhsc.edu Website: http://mdphd.ouhsc.edu/
--------------------------------------	--

Additional Information	The MD/PhD program provides training for individuals with strong clinical and basic science interests for research careers in academic medicine. The dual degree program consists of four years of medical school and a minimum of three years of graduate study (which occurs between the preclinical and clinical curricula) including dissertation research in an area of basic biomedical science leading to a PhD degree. The work must be conducted under the guidance of a funded clinical and/or basic science investigator who is a member of the Graduate Faculty. The program concludes with clinical studies during the final two years of medical school. Students will receive academic counseling and career guidance, and participate in special seminars and retreats designed to enhance the educational environment. All enrolled MD/PhD students receive a stipend plus full tuition throughout their training.

PA Sidney Kimmel Medical College at Thomas Jefferson University

Baccalaureate/MD Program	
Undergraduate College(s):	Pennsylvania State University
About this program:	https://science.psu.edu/interdisciplinary-programs/premed-med-bsmd
Website for further information:	The Penn State-Jefferson Premedical-Medical Program (PMM), begun in 1963, is a seven year combined degree program with three years of undergraduate study at Penn State (main campus) and four years at Sidney Kimmel Medical College. The Penn State B.S. degree is awarded after the first year of medical school and the Jefferson M.D. is awarded after year four of medical school. Students with a total score of 1470 or higher on the new SAT (Math plus Evidence Based Reading and Writing), 1420 on the old SAT (prior to 2016 - Critical Reading and Math sections) or a composite score of 32 or higher on the ACT can be considered for this program. A rank in the highest tenth of their high school class is also required.
Combined medical degree/M.P.H.	Rosie Frasso, PhD Phone: 2155038901 Email: rosemary.frasso@jefferson.edu Website: https://www.jefferson.edu/university/population-health/degrees-programs/MDMPH.html
Additional Information	A joint MD/MBA-MHA program is available (with Widner University or the University of Delaware), as well as a dual MD-MPH (Jefferson School of Population Health)

Summer programs	Chenits Pettigrew, Jr., EdD Phone: 4126488987 Email: cpettigrew@medschool.pitt.edu Website: http://medschooldiversity.pitt.edu/our-programs
Additional Information	<p>The MD/PhD program (MSTP - www.mdphd.pitt.edu) provides students with clinical knowledge and doctoral work in basic science, engineering, or public health at either Pitt or neighboring Carnegie Mellon University. Except for the MD/PhD program, combined degree programs are not offered directly through the University of Pittsburgh School of Medicine. Students seeking a dual degree (an MD with a MBA, JD, MPH, or a MA in biomedical ethics) can contact other schools directly about applying and the curriculum. UPSOM students can also devote a full year to research and enrichment courses through either the Clinical Scientist Training Program (CSTP - www.icre.pitt.edu/cstp/index.html) or the Physician Scientist Training Program (PSTP - www.pstp.pitt.edu). The CSTP lets students further their mentored scholarly projects in clinical research during a fifth year of training. The PSTP provides two summers and a fifth year of lab-based training, preparing students for careers in academic medicine.</p>

USA

PA Lewis Katz School of Medicine at Temple University

Baccalaureate/MD Program	
Undergraduate College(s):	Washington & Jefferson College in Washington, PA
About this program:	https://www.washjeff.edu/academics/majors-and-minors/partnerships/pre-health-professions-school-affiliations/wj-medical-scholars-program-with-the-lewis-katz-school-of-medicine-at-temple-university/
Website for further information:	<p>The Medical Scholars Program provides an opportunity for exceptionally qualified high school seniors to gain a provisional acceptance to LKSOM upon completion of their undergraduate degree. LKSOM offers this combined degree with Washington & Jefferson College in Washington, PA. Applicants to the BA/MD program must first apply to Washington & Jefferson College. After review, candidates will be recommended to the School of Medicine for an interview.</p> <p>The BA/MD Program is looking for students with a strong academic background (top 5% of their graduating class) who have completed a variety of AP coursework. Students should also demonstrate exceptional standardized test performance. The minimum SAT required is a 1350 in the combined verbal and math sections, with no individual section less than 600 (including the writing section). The minimum ACT composite score required is 31. Students with demonstrated leadership and extensive community and healthcare experiences are encouraged to apply.</p>

Summer programs	Dr. Melanie Cosby Phone: 2157073116 Email: OHEDI@temple.edu Website: https://medicine.temple.edu/about/administrative-offices/office-health-equity-diversity-inclusion/related-programs/lksom-summer-pre-matriculation-program
Additional Information	<p>The MD/MA in Urban Bioethics Program is a unique opportunity for LKSOM students to better understand and address the ethical challenge of health inequity in urban contexts of density, diversity and disparity. Offered through Temple's Center for Urban Bioethics, the program trains students to use the tools of bioethics to examine health, healthcare delivery, and health law and policy that underlie complex urban disparities. Graduates possess the practical skills, theoretical orientation and resources required to maximize care and to be innovators in research, care delivery, and policy and advocacy work—all pluses considering the rapidly changing healthcare environment. Students will complete the requirements for the MA concurrent with the medical school courses with no additional time necessary to complete the MA coursework. Contact: 215-707-3664 or maub@temple.edu</p>

Additional Information	MD/MSCR and MD/MPH offered in partnership with MUSC Graduate Studies. MD/MBA offered in conjunction with The Citadel.

SC University of South Carolina School of Medicine	
Baccalaureate/MD Program	
Undergraduate College(s):	University of South Carolina Honors College
About this program:	http://www.sc.edu/study/colleges_schools/honors_college/internal/courses_requirements/build_your_own_major_barsc/index.php
Website for further information:	A seven year combined program with the University of South Carolina's Honors College. Admission to the program is by invitation only after matriculation into the Honor's College. Students spend three years on the undergraduate campus before transitioning to the School of Medicine in year four. Monthly seminars by School of Medicine faculty and medical student mentors are part of the undergraduate program during the first three years.

Additional Information	Vanderbilt University School of Medicine has several dual degree programs. For all dual degrees, except the MD/PhD, typically the first three years are spent in the medical school program. In most cases, after year three, students begin work on their other degree program. Depending on the other program, students may complete the second degree before returning to the medical school. The dual degree program allows students to reduce the period of time required to complete each degree separately, usually eliminating one full year of study. Application is made to each program separately, and admission to both programs is required to enter a dual degree program. Please visit https://medschool.vanderbilt.edu/professional-degrees/ to learn more about our various combined degrees.

Additional Information	<p>Combined Medical Degrees Must be a U.S. Citizen or have permanent residency status to be accepted into any combined medical program(s). A Texas Tech HSC-Lubbock secondary application is required for all programs, including a secondary fee and a CASPER (situational judgment) exam to be considered for an interview or possible offer of acceptance.</p> <p>Program name: MD Engineering Program Description: The MD Engineering program is an integrated curriculum that promotes evidence based innovative educational opportunities by applying engineering fundamentals throughout the 4 years of medical education. Individuals who complete this program will receive a medical doctorate and masters in engineering. Graduates will be capable of blending their medical and engineering knowledge to better serve their communities and the world. We envision that this program will embody the future of medical education as we know it and positively impact healthcare.</p>

Additional Information	<p>The TTUHSC El Paso Paul L. Foster School of Medicine (PLFSOM) and the University of Texas Health Science Center at Houston School of Public Health-El Paso Regional Campus (UTSPH) offer a dual degree option leading to a medical degree (M.D.) and a Master in Public Health (M.P.H.). This option provides students who are matched to attend the PLFSOM with the opportunity to consider this M.D./M.P.H. track. This track will minimize duplication in course content, maximize efficiency of academic interactions and reduce time and costs incurred compared to earning the degrees independently. Students in this M.D./M.P.H. track will be enrolled separately in both universities and receive two separate degrees awarded by both institutions upon successful completion of this dual program.</p>

WV Marshall University Joan C. Edwards School of Medicine	
Baccalaureate/MD Program	
Undergraduate College(s):	Marshall University
About this program:	https://jcesom.marshall.edu/students/accelerated-bsmd-program/
Website for further information:	The Marshall University Accelerated BS/MD program allows students to complete the requirements for both the Bachelor of Science and Doctor of Medicine program in an accelerated seven-year program. This program is designed for highly motivated WV high school students who have achieved the following criteria during their high school careers: * Minimum ACT composite of 30 and a minimum math score of 27 from a single test date or a minimum SAT composite of 1390 and a minimum math score of 630 from a single test date. * Cumulative GPA of 3.75 on a 4.0 scale * Three letters of recommendation * On-campus interview *Due to the COVID-19 pandemic, interviews for the 2021 entering class were changed to live virtual interviews held on a secure Zoom platform and applicants were required to take the CASper situational judgement test prior to interviews.. If virtual interviews continue for the 2022 entering class, the CASper test will probably be required prior to the interviews.
