

Medical School Admission Requirements™ (MSAR®) Report for Applicants and Advisors

MSAR Combined Degree Information

2025

USA

AL	University of Alabama School of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	University of Alabama at Birmingham
About this program:	http://www.uab.edu/students/academics/emsap
Website for further information:	<p>The UAB Early Medical School Acceptance Program (EMSAP) is designed to give exceptional high school graduates an opportunity to take advantage of the best resources of the undergraduate and medical programs through a mentored relationship with faculty. This is not an accelerated program, rather a program to allow gifted students to explore a broad range of educational, research and community service opportunities beyond the typical Premedical experiences.</p> <p>Students are selected in their senior year of high school. Both residents and non-residents of Alabama are eligible to apply to the program.</p>

Summer programs	Brian Gittens, Ed.D. Phone: 5016867290 Email: BGittens@uams.edu Website: http://ddei.uams.edu/outreach-programs/
Additional Information	All applicants apply for the MD-PhD program through AMCAS. Only MD-PhD applicants accepted to the UAMS College of Medicine are subsequently considered for the combined MD-PhD program by the UAMS Graduate School.

USA

AZ	University of Arizona College of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	University of Arizona
About this program:	https://medicine.arizona.edu/education/degree-programs/md-program/admissions/accelerated-pathway-medical-education
Website for further information:	<p>The APME program offers a unique educational experience for talented students anticipating a career in medicine or medical science. The APME fosters flexibility and creativity in undergraduate education while reducing the pressures related to gaining acceptance to medical school. Students are encouraged to take advantage of the reduced pressure by exploring and challenging themselves personally and professionally to prepare a solid foundation for success in medical school and for leadership roles in their careers in medicine.</p> <p>Students apply to APME once they have entered their senior year of high school and have been accepted at the University of Arizona. A limited number of students are accepted each year to the program.</p> <p>The APME program will take a minimum of seven years to complete, three years of undergraduate studies, and four years to complete an MD degree. Students will be required to complete a sequence of required premedical courses during their undergraduate coursework.</p>
Combined medical degree/M.B.A.	<p>UA College of Medicine-Tucson Admissions Phone: 5206266214 Email: admissions@medicine.arizona.edu Website: https://medicine.arizona.edu/education/degree-programs/ms-and-phd-programs</p>

CA	University of California, San Francisco, School of Medicine
Combined medical degree/Ph.D.	Tiffani Quan, PhD Phone: 4154764423 Email: Tiffani.Quan@ucsf.edu Website: https://mstp.ucsf.edu
COMB_OTHER2	Email: jmp_admissions@berkeley.edu Website: https://publichealth.berkeley.edu/academics/joint-medical-program/
Postbaccalaureate program	Phone: 4155142277 Email: SOMOutreach@ucsf.edu Website: https://meded.ucsf.edu/post-baccalaureate-program
Additional Information	There are four distinctive programs available that require a stated interest at the time of the secondary application. The four programs are the UCB-UCSF Joint Medical Program (JMP), the Medical Scientist Training Program (MSTP), the Program in Medical Education for the Urban Underserved (PRIME-US), and the San Joaquin Valley Program in Medical Education (SVJ PRIME). The UCB-UCSF Joint Medical Program is a five-year program leading to a graduate degree from UC Berkeley and an MD degree from UCSF. The MSTP is a combined MD/PhD program that prepares students for careers as physician-scientists. PRIME-US is a five-year program for medical students interested in devoting their careers to serving urban underserved populations and/or conducting research focused on the health of urban underserved communities. SVJ PRIME students focus on serving populations in the central valley. More information about all program options can be found at https://meded.ucsf.edu/degrees-and-programs

CA California Northstate University College of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	California Northstate University College of Health Sciences in Rancho Cordova, California
About this program:	https://healthsciences.cnsu.edu/academics/programs-pathways/pmpb.php
Website for further information:	The College of Health Sciences (CHS) at California Northstate University offers high school applicants the opportunity to enroll in pathways that lead from the BS degree to the medical degree – the BS to MD pathways. Students earn their Bachelor of Science degree at the College of Health Sciences and have high priority for admissions at CNU College of Medicine, as long as the benchmarks are met. The BS to MD pathways may be completed in expedited plans (6 to 7 years) or in the traditional 8-year time period. For more information about the BS to MD Pathways, visit our dedicated webpage.
Postbaccalaureate program	Allan Anchata Phone: 9166868378 Email: Admissions.CHS@cnsu.edu Website: https://healthsciences.cnsu.edu/about/pmpb.php
Additional Information	California Northstate University offers pathways to medicine. These include an MPS to MD pathway and a BS to MD pathway. More information about these can be found at: https://healthsciences.cnsu.edu/academics/programs-pathways/COM.php https://pharmasciences.cnsu.edu/about/MPS-to-MD-Pathways.php

CA Kaiser Permanente School of Medicine

Combined medical degree/M.P.H.	Vanessa Riggins Phone: 6265433916 Email: Vanessa.N.Riggins@kp.org Website: https://medschool.kp.org/education/curriculum
Combined medical degree/Ph.D.	Dr. Jose Barral Phone: 6265645360 Email: Jose.M.Barral-Sanchez@kp.org Website: https://medschool.kp.org/education/curriculum#other-degrees
COMB_OTHER2	Vanessa Riggins Phone: 6265433916 Email: Vanessa.N.Riggins@kp.org Website: https://medschool.kp.org/education/curriculum#other-degrees
Additional Information	Students at Kaiser Permanente Bernard J. Tyson School of Medicine will have the opportunity to acquire additional degrees to further prepare them to become scientists, leaders and advocates. Through a partnership with Caltech, students will be able to obtain an MD-PhD, and through partnerships with the University of California, Los Angeles, and the University of Southern California, they can obtain a Master of Public Health, and a Master of Health Administration, respectively.

CO	University of Colorado School of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	University of Colorado Denver
About this program:	http://babsmd.ucdenver.edu
Website for further information:	<p>The BA/BS-MD degree program at the University of Colorado Denver and Anschutz Medical Campus aims to promote the diversity of medical professionals practicing medicine in Colorado and to better serve the health care needs of the State of Colorado by assembling about 10 outstanding high school senior students each year from broadly diverse backgrounds who are Colorado residents and have the desire to serve the health care needs of Colorado. This program is a partnership between the University of Colorado Denver College of Liberal Arts and Sciences and the University of Colorado School of Medicine. Being accepted to the program enables students to complete their undergraduate degree at CU Denver and earn a reserved spot in the University of Colorado School of Medicine provided they meet specific academic, non-academic, and professional requirements annually.</p>

FL	University of Florida College of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	University of Florida
About this program:	http://mhdp.med.ufl.edu/
Website for further information:	<p>The Medical Honors Program (MHP) is an accelerated 7 Year B.S./M.D. program offered by the University of Florida. Admission is open to all eligible candidates who are United States citizens or permanent residents.</p> <p>This is not a high school entry program. This program is intended for third year undergraduate students (application is during the second undergraduate year) dedicated to a career in medicine, and who have demonstrated superior scholastic ability, commitment to humanism and personal development during their first two academic years of enrollment at a 4 year accredited science degree granting institution. When accepted to this program, a student reserves a place in the MD program at the University of Florida College of Medicine, conditional upon successful completion of all academic, extracurricular and professionalism requirements set forth in the MHP curriculum.</p>

FL	Florida International University Herbert Wertheim College of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	The 7-year (3+4) BS/MD program is designed for outstanding high school students interested in attending medical school at Florida International University. The program is a collaboration between the College of Arts, Sciences & Education, Honors College and Herbert Wertheim College of Medicine that allows exceptional students to earn both a Bachelor of Science in Biological Sciences and Doctor of Medicine in seven years, a shorter amount of time than typically required for both degrees. Students displaying a strong academic background, demonstrated leadership, community service and health care experiences will have the potential for guaranteed admission to the College of Medicine starting in their fourth year of the program, provided they meet all requirements.
About this program:	https://medicine.fiu.edu/academics/pre-med-programs/7-year-bsmd-accelerated-pathway-program/index.html

USA

Website for further information:	<p>To enter the 3+4 program:</p> <ol style="list-style-type: none"> 1. Apply to Florida International University via the standard First Year Applicant process and declare a BS in Biology major. 2. Apply to and be accepted into The Honors College as an incoming freshman. 3. Student is invited to apply to the 7-Year BS/MD Accelerated Pathway Program <ul style="list-style-type: none"> • Must be a U.S. citizen or permanent resident. • Must be a first -time college student in their senior year of high school when applying or have completed high school without matriculating to college immediately after graduation. • Must be admitted to Florida International University and The Honors College. • Must have a combined SAT score of 1350 or more (with no section below 600) or an ACT Composite score of 31 or more. • Must have an unweighted high school GPA of 3.7 or greater. • Must have a letter of recommendation from your high school counselor.

Additional Information	<p>Students in period three of medical study may apply to the MBA, MPH or Master of Science in Health Informatics and Analytics (MSHIA) programs. Combined degree students complete the first 3 years of coursework in the MD degree program. At the beginning of the 4th period of study, students admitted to another degree pause their medical studies and begin classes in the MBA, MPH or MSHIA program. Classes in the MBA program are taken during fall and spring semesters of the medical student's fourth year of study (33 credit hours) as well as the summer for the MPH and MSHIA programs (36 and 27 credits respectively). Nine credits taken through HWCOM are applied toward the 42 credits required for the MBA degree, toward the 45 credits for the MPH and 10 credits toward the 37 credit MSHIA program. At the beginning of the 5th year, students resume study as part of the MD degree program and those who successfully complete all requirements graduate with a combined degree at the end of the 5 years.</p>

IL	Carle Illinois College of Medicine
Combined medical degree/Ph.D.	Dr. James Slauch Phone: 2173006977 Email: MSP@medicine.illinois.edu Website: https://medicine.illinois.edu/admissions/
Additional Information	The Medical Scholars Program admits applicants through the MD program. Interested applicants apply to the MD program through the American Medical College Application Service (AMCAS) and must meet the requirements for Carle Illinois. Applicants will NOT need to designate themselves as MD/PhD applicants in the AMCAS application, nor will the MD/PhD essays be considered in admission to the MD program, although applicants can describe their research experience and interest in the secondary application. Interest in the MSP will not be a factor in considering applicants to the MD program. After matriculation, students can explore potential graduate programs and formally apply to the MD/PhD program. see https://medicine.illinois.edu/admissions/medical-scholars-program

USA

MI	Wayne State University School of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	Wayne State University
About this program:	https://provost.wayne.edu/wayne-med-direct
Website for further information:	Wayne Med-Direct is a unique B.S./B.A. to M.D. program that admits 10 students each year to Wayne State University's College of Liberal Arts and Sciences and Honors College who meet M.D. Admissions Committee requirements, thus creating a pipeline for admission to Wayne State's School of Medicine. During their undergraduate studies, these scholars have the opportunity to engage in patient care initiatives and research that are focused to reduce urban health disparities in their communities. Wayne Med-Direct emphasizes mentoring and training to help our scholars become leaders in the medical community and exemplify our mission to urban clinical excellence.
Combined medical degree/M.B.A.	Anne Messman Phone: 3135770376 Email: amessman@med.wayne.edu Website: https://www.med.wayne.edu/admissions/md-mba
Combined medical degree/M.P.H.	Rachel Mahas, Ph.D. Phone: 3135771051 Email: rmahas@wayne.edu Website: https://www.med.wayne.edu/admissions/md-mph
Combined medical degree/Ph.D.	Dan Walz, Ph.D. Phone: 313 577 1455 Email: dwalz@med.wayne.edu Website: https://gradprograms.med.wayne.edu/mdphd-program
Postbaccalaureate program	Dr. Joseph Dunbar Phone: 3135771198 Email: jdunbar@med.wayne.edu Website: https://diversity.med.wayne.edu/postbac
Additional Information	<p>For more information about our combined degree programs please review our webpage: https://www.med.wayne.edu/admissions/application/degree-programs</p> <p>In addition to the combined program, Wayne State University also offers a Three-Year M.D. program. It is the only one of its kind in Michigan. Geared to fit students who have previous health care backgrounds and careers, the program diversifies the School of Medicine's offerings for students who are ready to accelerate their physician career by completing medical school and receiving a conditional, non-binding acceptance into a Wayne State residency position upon completion. All students accepted into the WSUSOM's MD program are eligible to apply for the Three-Year MD program. Learn more at: https://www.med.wayne.edu/admissions/application/three-year-md</p>

MN	Mayo Clinic School of Medicine
Combined medical degree/Ph.D.	Lisa Hurley Phone: 5072844356 Email: mayoclinicmdphd@mayo.edu Website: https://college.mayo.edu/academics/biomedical-research-training/medical-scientist-training-program-md-phd/
Summer programs	Office for Education Diversity, Equity, and Inclusion Email: officeforeducationdiversity@mayo.edu Website: https://college.mayo.edu/academics/diversity-and-inclusion/programs/
Additional Information	The Mayo Clinic Medical Scientist Training Program (MSTP) is an M.D.-Ph.D. training program that prepares students to translate scientific discoveries into applications that improve patient care. Mayo Clinic MSTP students are able to complete laboratory research rotations and Ph.D. research training at any of the three Mayo campuses — Rochester, Minnesota; Phoenix/Scottsdale, Arizona; and Jacksonville, Florida. Students are able to complete the final two years of medical school at the same campus where they completed the Ph.D. research training.

MO	University of Missouri-Columbia School of Medicine
Combined medical degree/Ph.D.	Christa Smith Phone: 573-882-0172 Email: smithchrista@missouri.edu Website: https://medicine.missouri.edu/admissions/md-phd-program
Additional Information	The Tom and Anne Smith MD-PhD Program allows students to receive training in a comprehensive program to prepare dual-degree physician-scientists for a career in academic medicine. MD-PhD students pursue a seven- to eight-year course of study that combines the traditional four years of medical school with the three to four years typically required to earn a doctorate in a scientific discipline. The School of Medicine offers two full scholarships for incoming MD-PhD students. Each scholarship includes full tuition for four years of medical school as well as a stipend to help with living expenses for each year of study. Funded labs provide full graduate support during the PhD years of study.

Additional Information	The MD/MS in BMI is not a joint acceptance program, rather MD students apply to this program as third-year students. The interdisciplinary MS and certificate programs in Biomedical Informatics (BMI) provide students with a competency-based training in core biomedical informatics theories and methods to address the fundamental shift health and life sciences are experiencing toward transdisciplinary, integrative and data-intensive approaches to research. These developments, coupled with the use of information technology platforms, are helping transform healthcare, achieving greater value alongside improved outcomes and safety. The complex data, information and knowledge needs associated with these changes requires a comprehensive approach to biomedical informatics research, education and practice.

USA

MO University of Missouri-Kansas City School of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Missouri - Kansas City
About this program:	http://med.umkc.edu/bamd
Website for further information:	<p>A medical student's journey begins as soon as they enter the UMKC School of Medicine's B.A./M.D. program. Immediate exposure to a curriculum that builds a strong foundation in medical science and clinical skills is integrated with the liberal arts and humanities into a year-round program. Our program allows students to choose an undergraduate major and earn their B.A. and M.D. in six years.</p> <p>During the first two years of the program, three-fourths of a student's time is dedicated to the arts and sciences to fulfill baccalaureate degree requirements, while one-fourth is spent in medical school coursework. In the final four years of the program, the majority of the student's time is spent in medical school coursework with a smaller percentage of time spent completing baccalaureate degree requirements.</p> <p>*Program application process outside of AMCAS</p>
COMB_OTHER1	<p>Office of Admissions Phone: 816-235-1870 Email: medicine@umkc.edu Website: http://med.umkc.edu/bamd/</p>
Summer programs	<p>Madi Smith Phone: 8162351929 Email: stahr@umkc.edu Website: https://info.umkc.edu/stahr/</p>
Additional Information	The B.A./M.D. Program does not use the AMCAS application. The B.A./M.D. program is intended for high school seniors or first year college students that have earned less than 24 college credit hours. Interested applicants can visit med.umkc.edu/bamd for more information regarding the program and the application process.

Additional Information	<p>A prospective student may apply for the Combined medical degree MD/PhD program through AMCAS, in addition, we offer the following combined degree programs for our enrolled medical students, MD/MPH and MD/MBA.</p> <p>For more information please visit: https://www.med.unc.edu/education/combined-programs/</p>
NC The Brody School of Medicine at East Carolina University	
Combined medical degree/M.B.A.	<p>Dr. Kema Gadson Phone: 2527442278 Email: gadsonl22@ecu.edu Website: https://medicine.ecu.edu/dual-degree/</p>
Combined medical degree/M.P.H.	<p>Dr. Kema Gadson Phone: 2527442278 Email: gadsonl22@ecu.edu Website: https://medicine.ecu.edu/dual-degree/</p>
Summer programs	<p>Dr. Srinivas Sriramula Phone: 2527445534 Email: Brody_SBRP@ecu.edu Website: https://medicine.ecu.edu/sbrp/</p>
Additional Information	<p>Typically students fulfill the MBA requirements between their third and fourth years of medical studies, but requests for other time frames may be submitted. Interested students should schedule an appointment with the Associate Dean of Student Affairs at Brody School of Medicine to discuss their eligibility and program requirements. Requests for approval should be submitted to the Office of Student Affairs by April 15 of the year in which a student intends to enter the MD/MBA Program. The MD/MBA Admissions Committee will determine each student's eligibility and notify them of their decision.</p> <p>Students enrolled in the Dual MD/MPH option can take MPH coursework during summer vacations, a leave of absence between the third and fourth year of medical school, and distance education.</p> <p>MPH degree requirements for medical students are identical to the requirements of other MPH students. Medical students should be able to complete requirements for both degrees in five years.</p>

NJ Rutgers New Jersey Medical School

Baccalaureate/MD Program

Undergraduate College(s):	Caldwell University; Drew University; Montclair State University; New Jersey Institute of Technology (NJIT); Rutgers University-Newark; Stevens Institute of Technology; St. Peter's University; The College of New Jersey (TCNJ)
About this program:	https://njms.rutgers.edu/admissions/programs_7_8_year.php
Website for further information:	The program typically consists of three years at an affiliated undergraduate school and a four-year medical program. Although not used to determine admission, the MCAT must be taken before matriculation. Promotion to medical school is contingent upon achieving grades of B or better in all premedical courses and maintaining an overall grade point average of at least 3.5 each semester. The baccalaureate degree is awarded by the undergraduate institution upon completion of the first year of medical school. The MD degree is awarded by NJMS upon completing all NJMS degree requirements.
Combined medical degree/M.B.A.	Dean Mercedes Rivero Phone: 973 972-4631 Email: njmsadmiss@njms.rutgers.edu Website: https://njms.rutgers.edu/admissions/MD_MBA.php

Summer programs	Office of Primary Care, Diversity and Community Engagement Phone: 973 972 3762 Email: mercedes.rivero@rutgers.edu Website: http://njms.rutgers.edu/education/odace/index.cfm
Additional Information	<p>Accelerated 3-Year Primary Care MD Program:</p> <p>This program offers accepted students with a strong interest in primary care the opportunity to complete their MD in 3-years while also gaining conditional acceptance into one of the following Rutgers-sponsored primary care residency programs: Internal Medicine, Pediatrics, Combined Medicine/Pediatrics (Med-Peds). Program highlights include: Early Clinical Immersion, Longitudinal Primary Care Preceptorship and Health Systems and Population Health Certificate and Experiential Program. For additional information please visit: https://njms.rutgers.edu/admissions/programs_accelerated_md.php</p> <p>MD with a Certificate in Population Health:</p> <p>The 15-Credit Population Health Certificate is available only to accepted or enrolled NJMS students. This opportunity is helpful to students looking to build a foundation in public health. For additional information please visit: https://sph.rutgers.edu/academics/assets/docs/pop-health-njms.pdf</p>

NJ Rutgers, Robert Wood Johnson Medical School

Baccalaureate/MD Program

USA

Undergraduate College(s):	<p>There is one accelerated BA/MD program with Rutgers University New Brunswick (3+4). Students who are sophomores at Rutgers University New Brunswick apply during their sophomore year.</p> <p>Additionally, there are two early assurance-type 4+4 programs for students who are economically disadvantaged or first generation college students: The ACES program for students at Princeton University, Bryn Mawr College, Haverford College, Swathmore College; The Early Assurance program for students at Rutgers University, Seton Hall University, Monmouth University, The College of New Jersey and St. Elizabeth's College.</p>
About this program:	https://rwjms.rutgers.edu/education/medical_education/programs-prior-to-medical-school/special-admissions-programs
Website for further information:	<p>The Rutgers University Robert Wood Johnson Medical School BA/MD (3+4) Program integrates basic medical sciences of the medical education curriculum into the undergraduate curriculum. The goal of the program is to graduate broadly educated students who will assume leadership roles in medicine. Students will be on track to obtain a bachelor and medical degrees in seven years.</p> <p>The early assurance 4+4 programs are special admissions programs with the goal to support economically or educationally disadvantaged students in obtaining their doctorate of medicine. The medical school collaborates with undergraduate universities and offers summer enrichment programs with course work, clinical experiences, and cognitive skills support and mentoring. Participants are afforded the opportunity to stay connected with mentors and acculturate into their new roles as medical students during their senior undergraduate academic year.</p>
Combined medical degree/J.D.	<p>Daniel Mehan, PhD Phone: 7322354690 Email: mehanda@rwjms.rutgers.edu Website: https://rwjms.rutgers.edu/education/medical_education/dual-degree-programs</p>

Postbaccalaureate program	<p>Dr. Smita Thakkar- Varia Phone: 732-235-5393 Email: varia@rutgers.edu Website: http://rwjms.rutgers.edu/education/gsbs/msbio.html</p>
Summer programs	<p>Cynthia Ferrer Cespedes Phone: 7322354690 Email: ferrercl@rwjms.rutgers.edu Website: https://rwjms.rutgers.edu/education/medical_education/programs-prior-to-medical-school/special-admissions-programs</p>
	<p>MD/PhD: RWJMS, Rutgers School of Graduate Studies, and Princeton University offer a joint MD/PhD program with fellowships and tuition support. Students apply to the MD/PhD program directly in conjunction with their application to RWJMS.</p> <p>RWJMS has the first in the country, PharmD/MD with the Ernest Mario School of Pharmacy</p>

USA

Additional Information	of Rutgers University. Students apply to RWJMS while in the graduate portion of the PharmD program. Other Rutgers MD/Grad degrees include MD/MPH; MD/MBA; MD/MS Clinical and Translational Science. There is an opportunity for Rutgers MD/JD. Students apply to these programs after MD acceptance or at any point following matriculation. There is a wide array of programs across disciplines at the university. Some students opt to obtain an additional graduate degree at an institution outside of Rutgers by pursuing the “student scholar” option. Please also explore our distinction programs: https://rwjms.rutgers.edu/education/medical_education/distinction-programs
-------------------------------	---

NJ Cooper Medical School of Rowan University

Baccalaureate/MD Program	
Undergraduate College(s):	Rowan University
About this program:	https://sites.rowan.edu/academic-affairs/office-of-pre-health/contact.html
Website for further information:	<p>3 + 4 BS-MD (6-8 students per year): This rigorous accelerated degree program provides an opportunity for exceptional high school seniors to enter CMSRU after completing their junior year at Rowan University. Eligible students must be accepted into either the College of Science and Mathematics or the Biomedical Engineering program at Rowan University. In addition to meeting all undergraduate curricular and extracurricular requirements, candidates in this track must submit an application to CMSRU via AMCAS and complete an interview with the CMSRU admissions committee.</p> <p>All admissions inquiries should be addressed to: Office of Pre-Health Programs healthadvising@rowan.edu 856-256-4787</p>
Combined medical degree/Ph.D.	<p>Vince Beachley, PhD Phone: 856-256-5329 Email: beachley@rowan.edu Website: https://cmsru.rowan.edu/admissions/apply-to-cmsru/application-process/md-phd-program.html</p>
Summer programs	<p>Taruna Chugeria Phone: 8563612818 Email: chugeria@rowan.edu Website: http://www.rowan.edu/coopermed/diversity/undergrad/index.php</p>
Additional Information	CMSRU participates in a joint MD/PhD program with the Department of Biomedical Engineering in the Henry M. Rowan College of Engineering of Rowan University. The program is intended to consist of four years of medical education combined with three years of education in biomedical engineering. Undergraduate experience in biomedical engineering is required to be considered for this program. To be accepted into this program, applicants must independently successfully complete both the Rowan PhD and CMSRU MD program admissions processes. Applicants to the program undergo the same screening, interview process, and admissions committee consideration as regular applicants to CMSRU. The CMSRU admissions committee is solely responsible for acceptance of applicants into the MD component of the MD/PhD program.

USA

NM	University of New Mexico School of Medicine
Baccalaureate/MD Program	
Undergraduate College(s):	University of New Mexico
About this program:	https://hsc.unm.edu/medicine/education/ba-md/
Website for further information:	<p>The Combined BA/MD Degree Program is a partnership program between the UNM College of Arts & Sciences and the UNM School of Medicine. The Program is designed to help address New Mexico's physician shortage by assembling a class that is committed to serving communities across the state.</p> <p>Students first earn a baccalaureate degree through the College of Arts & Sciences in a challenging four-year curriculum specifically designed to prepare them for medical school, and more importantly, to practice medicine in New Mexico. Upon successfully completing the undergraduate academic and eligibility requirements of the program, students will then transition to the School of Medicine to complete their doctor of medicine (MD) degree.</p> <p>This program is open to high school seniors graduating from a New Mexico high school, as well as members of a Federal Tribal Sovereign Nation located wholly or partially in New Mexico (must be graduating from a local high school).</p>
Combined medical degree/M.P.H.	Daniel Noriega-Lucero Phone: 5052720595 Email: dnoriegalucero@salud.unm.edu Website: https://hsc.unm.edu/population-health/programs/graduate-programs/masters/
Combined medical degree/Ph.D.	Research Education Office Phone: 5052721887 Email: SOMREO@salud.unm.edu Website: https://hsc.unm.edu/medicine/education/reo/graduate/md-phd/
Postbaccalaureate program	Office of Admissions Phone: 5052724766 Email: somadmissions@salud.unm.edu Website: https://hsc.unm.edu/medicine/education/md/admissions/apply/
Summer programs	Office of Diversity, Equity and Inclusion Phone: 5052722728 Email: HSC-Diversity@salud.unm.edu Website: https://hsc.unm.edu/diversity/programs/community/
Additional Information	<p>The MD/PhD program is designed to provide comprehensive training in both clinical sciences and either Basic Biomedical Sciences, Healthy Equity Sciences, or Engineering. The intent of the program is to provide students with an integrated and cohesive training experience while obtaining the MD/PhD degree. Students participate in activities common to both programs while involved in the medical school curriculum or engaged in PhD dissertation research.</p> <p>The program consists of 2 years of the medical school curriculum followed by 3-4 years of graduate courses and PhD dissertation research, and concludes with the remaining 2 years of the medical school curriculum. The PhD and MD degrees are awarded simultaneously at the end of the entire training period. Students can pursue many lines of research activity performed by investigators in biomedical research in the School of Medicine.</p>

NY	University of Rochester School of Medicine and Dentistry
Baccalaureate/MD Program	
Undergraduate College(s):	University of Rochester
About this program:	https://admissions.rochester.edu/academics/rem/
Website for further information:	Rochester Early Medical Scholars (REMS) is an eight-year BA/BS + MD program for outstanding undergraduates who are committed to pursuing a medical career. As a REMS student, you are admitted to the University's School of Medicine once you successfully complete your bachelor's degree and pre-med core courses. You will also work closely with highly respected faculty members, attend special events, gain hands-on experience in clinics and labs, and earn funding for summer research projects. A broad focus on liberal arts is encouraged through an emphasis on community engagement, active involvement in research and exploring your humanistic interests (music, advocacy, arts, etc.). REMS students benefit from close mentorship and advising, access to the medical center through REMS connections and the latitude for international exploration.

Additional Information	Our combined MD/MBA degree program is a 5-year program. Matriculants in this program complete their first year of study at the Simon School of Business, then spend 4 years in the School of Medicine and Dentistry and take additional electives for credit in both schools.

USA

NY	State University of New York Upstate Medical University
Baccalaureate/MD Program	
Undergraduate College(s):	Binghamton University and Syracuse University.
About this program:	https://www.upstate.edu/com/admissions/options/bs-md.php
Website for further information:	<p>These programs are designed for students who wish to apply to both an undergraduate institution and medical school simultaneously. If accepted, you will be guaranteed acceptance into SUNY Upstate's Norton College of Medicine upon completion of your undergraduate degree and as well as the admissions requirements outlined in an acceptance letter.</p> <p>Applicants are welcome to apply to multiple institutions from our list of partners below (note: please check specific timelines, some programs are for matriculated freshmen, not high school seniors). These institutions must accept you first and then recommend you to our program. Upstate will screen these recommendations and then invite students to interview. Students may interview through more than one partner institution and may even have the option to be accepted to Upstate Accelerated Scholars through multiple partner institutions.</p>

Postbaccalaureate program	<p>Ms. Nakiea Chambers Phone: 3154644570 Email: admiss@upstate.edu Website: https://www.upstate.edu/com/special_opps/med-scholars.php</p>
Additional Information	<p>The Norton College of Medicine at Upstate Medical University has partnered with Syracuse University's Whitman College of Management to offer a 5-year combined MD/MBA program. This program was designed to meet the increased demand for multidisciplinary programs that address technical and soft skills and prepare students for STEM, business, and many career pathways. Additionally, many medical positions require an understanding of business, leadership, and management and students will greatly benefit from learning about the healthcare business.</p> <p>Our MD/Ph.D. program trains future physician-scientists who, by combining the practice of medicine in the clinic with biomedical research in the laboratory, are uniquely qualified to bring the power of modern science to our understanding and treatment of human disease.</p>

NY	Renaissance School of Medicine at Stony Brook University
Baccalaureate/MD Program	
Undergraduate College(s):	Stony Brook University
About this program:	https://www.stonybrook.edu/undergraduate-admissions/academics/honors.php#medicine-scholars
Website for further information:	Stony Brook University offers an integrated eight-year program for students interested in attending medical school following their undergraduate degree. The Scholars for Medicine (SFM) track offers selected students in the Honors College, WISE Program or University Scholars Program an opportunity to complete a combined Bachelor's/MD course of study while participating in pre-medical classes and activities. Students accepted into any of these tracks are reserved a seat in the Renaissance School of Medicine upon graduation provided they complete all applicable program requirements. Successful applicants to the program (the middle 50th percentile ranges) have historically had 98-99 high school GPAs and 1490-1590 SAT composite scores. ACT exam scores are now considered in lieu SAT scores. The ACT range is 35-36. Candidates must also have documentation of U.S. citizenship or permanent residency in the United States.

Baccalaureate/MD Program	
Undergraduate College(s):	City College of New York
About this program:	https://medicine.cuny.edu/bs-md-program
Website for further information:	This is a 7 year combined BS/MD program, with the only entry point as a freshman in college.
Summer programs	Joy Richards Phone: 2126505474 Email: jrichards@med.cuny.edu Website: https://medicine.cuny.edu/learning-resource-center/
Additional Information	Please note MCAT is not required.

USA

NY Donald and Barbara Zucker School of Medicine at Hofstra/Northwell

Baccalaureate/MD Program	
Undergraduate College(s):	Hofstra University
About this program:	http://www.hofstra.edu/admission/adm_4plus4.html
Website for further information:	<p>Entry to this program is highly selective, and only those who demonstrate superior high school achievement and academic aptitude, and who apply to Hofstra as first-time, full-time freshmen will be considered.</p> <p>As a dual degree candidate, students have multiple undergraduate majors to choose from, all of which will satisfy the School of Medicine prerequisite course requirements. BS-BA/MD Dual Degree Program students will have highly skilled advisement specialists to help determine the best choice of major for their interests and aspirations. The pre-medical course requirements for BS-BA/MD students correspond to the recommended coursework for applicants to the MD program in the same academic year as the year accepted BS-BA/MD students matriculate as undergraduate students at Hofstra University.</p>

Summer programs	Catherine Bangeranye Phone: 5164637340 Email: Catherine.Bangeranye@hofstra.edu
Additional Information	<p>Students are eligible to apply for admission to the MD/MPH, MD/MBA or MD/MA programs post matriculation. The goal of the joint degree program is to facilitate the attainment of both degrees within five years. Accepted students take an additional year between their third and final (fifth) year of training to complete the majority of their MPH, MBA, or MA course work. Most MD/MPH, MD/MBA, and MD/MA students use a portion of their elective time during their final year of medical school to complete MBA, MPH, or MA course work.</p>

NY NYU Grossman Long Island School of Medicine

Additional Information	<p>Due to the highly integrated format of our three-year accelerated curriculum, NYUGLISOM does not offer combined or dual degree programs. Additionally, we are unable to grant requests for a leave of absence to complete a combined or dual degree at another institution.</p>

Combined medical degree/Ph.D.	Mathhew Smith, M.S., Ph.D. Phone: 330.325.6437 Email: msnith13@neomed.edu Website: https://www.neomed.edu/graduatestudies/biomedical-sciences/
Additional Information	<p>NEOMED offers early assurance admission plan (EAP) privileges to undergraduate students through nine universities located throughout northeast Ohio. The NEOMED EAP network includes both state and private schools. Please visit the NEOMED website for a current listing of colleges and universities in northeast Ohio in the NEOMED EAP network. The early assurance plan combines the opportunity for undergraduate students to secure a future seat in the NEOMED Doctor of Medicine (M.D.) program by completing one of several one-year master's degree programs designed to compliment future medical practice. Interested students should visit https://www.neomed.edu/medicine/admissions/paths/early-assurance/ for more information.</p> <p>NEOMED does not offer dual admission to an integrated M.D./Ph.D. MSTP degree program. NEOMED offers several degree programs designed to add value to physicians' careers including a biomedical Ph.D. Visit https://www.neomed.edu/graduatestudies/admissions/ for information.</p>

USA

OK University of Oklahoma College of Medicine	
Combined medical degree/Ph.D.	Dr. Ann L. Olson Phone: 4052712503 Email: mdphd-program@ouhsc.edu Website: http://mdphd.ouhsc.edu/
Additional Information	The MD/PhD program provides training for individuals with strong clinical and basic science interests for research careers in academic medicine. The dual degree program consists of four years of medical school and a minimum of three years of graduate study (which occurs between the preclinical and clinical curricula) including dissertation research in an area of basic biomedical science leading to a PhD degree. The work must be conducted under the guidance of a funded clinical and/or basic science investigator who is a member of the Graduate Faculty. The program concludes with clinical studies during the final two years of medical school. Students will receive academic counseling and career guidance, and participate in special seminars and retreats designed to enhance the educational environment. All enrolled MD/PhD students receive a stipend plus full tuition throughout their training.

PA Sidney Kimmel Medical College at Thomas Jefferson University

Baccalaureate/MD Program

Undergraduate College(s):	Pennsylvania State University
About this program:	https://science.psu.edu/interdisciplinary-programs/premed-med-bsmd
Website for further information:	The Penn State-Jefferson Premedical-Medical Program (PMM), begun in 1963, is a seven-year combined degree program with three years of undergraduate study at Penn State (main campus) and four years at Sidney Kimmel Medical College. The Penn State B.S. degree is awarded after the first year of medical school and the Jefferson M.D. is awarded after year four of medical school. Previously accepted students had an average SAT of 1570 (Math plus Evidence Based Reading and Writing), or a composite score of 36 on the ACT (scores must be from a single sitting). The range of SAT scores for students invited for an interview this past cycle was 1510-1600. A strong GPA and evidence of participation in rigorous high school classwork are also required. Students who already have graduated from high school are not eligible for this program.

PA	University of Pittsburgh School of Medicine
Combined medical degree/M.P.H.	Pitt Public Health Admissions Phone: 4126243088 Email: phadmissions@pitt.edu Website: https://www.publichealth.pitt.edu/home/pageid/203
Combined medical degree/Ph.D.	Dr. Richard Steinman Phone: 412-648-2324 Email: mstp@medschool.pitt.edu Website: https://www.mdphd.pitt.edu
Postbaccalaureate program	Chenits Pettigrew, Jr., EdD Phone: 4126488987 Email: cpettigrew@medschool.pitt.edu Website: http://medschooldiversity.pitt.edu/our-programs
Summer programs	Biomedical Master's Program (BMP) Admissions Phone: 4123838716 Email: bmppitt@pitt.edu Website: https://bmp.pitt.edu/
Additional Information	The MD/PhD program (www.mdphd.pitt.edu) provides students with clinical knowledge and doctoral work in basic science, engineering, or public health at either Pitt or neighboring Carnegie Mellon University. Except for the MD/PhD program, combined degree programs are not offered directly through the University of Pittsburgh School of Medicine. Students seeking a dual degree (an MD with a MBA, JD, MPH, or a MA in biomedical ethics) can contact other schools directly about applying and the curriculum. UPSOM students can also devote a full year to research and enrichment courses through either the Clinical Scientist Training Program (www.icre.pitt.edu/cstp/index.html) or the Physician Scientist Training Program (www.pstp.pitt.edu). The CSTP lets students further their mentored scholarly projects in clinical research during a fifth year of training. The PSTP provides two summers and a fifth year of lab-based training, preparing students for careers in academic medicine.

PA	Lewis Katz School of Medicine at Temple University
Baccalaureate/MD Program	
Undergraduate College(s):	Washington & Jefferson College in Washington, PA
About this program:	https://www.washjeff.edu/academics/majors-and-minors/partnerships/pre-health-professions-school-affiliations/
Website for further information:	<p>The Medical Scholars Program provides an opportunity for exceptionally qualified high school seniors to gain a conditional acceptance to LKSOM upon completion of their undergraduate degree. LKSOM offers this combined degree with Washington & Jefferson College in Washington, PA. Applicants to the BA/MD program must first be accepted to Washington & Jefferson College. Candidates who meet specific academic criteria are recommended to the School of Medicine for an interview.</p> <p>Students with a strong academic background who have completed a variety of AP coursework and demonstrated exceptional standardized test performance are eligible for the Program. A minimum combined SAT score of 1350, with no individual section less than 600 or a minimum ACT composite score of 31 is required. Students with demonstrated leadership and extensive community and healthcare experiences are encouraged to apply.</p> <p>Matriculation to LKSOM is conditional upon successful completion of all program requirements.</p>

Additional Information	<p>The MD/MA in Urban Bioethics Program is a unique opportunity for LKSOM students to engage in a program focused on health equity in clinical care, research, and policy. Offered through Temple's Center for Urban Bioethics, this interdisciplinary program prepares students to better understand and address the ethical challenges experienced in urban communities where density, diversity, and disparity contribute to health inequities. Coursework is grounded in theoretical and analytic bioethics as well as in methodological tools for community engagement. The MA can be completed concurrently with medical school courses with no additional time necessary to complete both degrees.</p> <p>Students can also complete a MD/MPH (5 year program with the College of Public Health), a MD/MBA (online MBA offered through the Fox School of Business) or a MD/Certificate in Narrative Medicine. No additional time is required to complete the MBA or Certificate in Narrative Medicine.</p>

RI	The Warren Alpert Medical School of Brown University
Baccalaureate/MD Program	
Undergraduate College(s):	Brown University
About this program:	https://www.brown.edu/academics/medical/plme/
Website for further information:	Brown's Program in Liberal Medical Education (PLME) combines undergraduate education and professional studies in medicine in a single eight-year program. The PLME is the only combined baccalaureate-MD program in the Ivy League, providing one route of admission to the Warren Alpert Medical School of Brown University.
Combined medical degree/Ph.D.	Warren Alpert Physician-Scientist MD/PhD and Advanced Training Program Email: mdphd_admissions@brown.edu Website: https://www.brown.edu/academics/biomed/md-phd-program/
Additional Information	<p>MD/PhD: A small cohort of medical students pursue an MD/PhD course of study. Although not currently funded through the Medical Scientist Training Program (MSTP), the MD/PhD Program provides for tuition remission for both the medical school and graduate program years, as well as a stipend during the graduate school years.</p> <p>MD/MPH: Once matriculated, current students can apply to pursue an accelerated MD/MPH at Brown University School of Public Health after the second year of medical school. https://mph.sph.brown.edu/concentrations/accelerated</p> <p>MD-ScM: Applicants who complete the Warren Alpert Medical School Secondary Application can elect to be considered for a special concurrently earned MD-ScM dual-degree in Primary Care and Population Medicine. Applicants must be admitted to the MD Program prior to consideration for the dual-degree option with that program. Interested applicants still choose Regular MD in AMCAS.</p>

Additional Information	<p>Vanderbilt University School of Medicine has several dual degree programs. For all dual degrees, except the MD/PhD, typically the first three years are spent in the medical school program. In most cases, after year three, students begin work on their other degree program. Depending on the other program, students may complete the second degree before returning to the medical school. The dual degree program allows students to reduce the period of time required to complete each degree separately, usually eliminating one full year of study. Application is made to each program separately, and admission to both programs is required to enter a dual degree program.</p> <p>Please visit https://medschool.vanderbilt.edu/professional-degrees/ to learn more about our various combined degrees, including ones not listed here.</p>

TX University of Houston College of Medicine

Baccalaureate/MD Program	
Undergraduate College(s):	University of Houston
About this program:	https://uh.edu/honors/Programs-Minors/curricular-programs/honors-med/
Website for further information:	<p>The HonorsMed Program is a conditional acceptance program in which students spend four years in the Honors College at UH as undergraduates followed by four years in medical school at the Tilman J. Fertitta Family College of Medicine. Students selected for this program can pursue any major, but they must complete a bachelor's degree at UH, fulfilling the Honors requirements, as well as the Medicine & Society minor. Matriculation into the Tilman J. Fertitta Family College of Medicine is contingent upon students maintaining a 3.5 cumulative GPA and scoring a minimum of 500 on the MCAT.</p> <p>Students interested in the program should apply to the University of Houston, the Honors College, and HonorsMed by our priority deadline of Nov. 1. Selected students will be invited to interview with the Fertitta Family College of Medicine in the spring, and up to six students will be chosen for the program after interviews.</p>

Additional Information	Applicants can apply for a combined MD/MPH program before or after matriculation into the MD program. The MPH can be completed prior to the MD program, or during the MD program. The length of the combined MD/MPH program is five years. The MPH program application is wholly separate from the medical school application. It is not a program type available to select in AMCAS. Instead, applicants should make their interest in the combined degree program via a question on the secondary application. The MD and MPH admissions offices will follow up to request the additional application materials for the MPH program..
