FindAResident Tour

Review the Tools and Features of
FindAResident

Association of
American Medical Colleges

Introducing a new online application resource--- FindAResident

FindAResident is a web-based service designed to provide a direct and efficient way for program administrators to connect with residency and fellowship candidates.

- Residency and fellowship programs can share information about their programs and open positions
- Applicants post their resume and contact information for programs to review.

FindAResident & ERAS

FindAResident is a supplement to the Electronic Residency Application Service ERAS®

- Ideal for unfilled Post-Match positions and other unexpected vacancies.
- FindAResident is open year-round, even when ERAS is closed
- FindAResident is available to any ACGME accredited program, authorized non-ACGME programs and any medical school graduate

We Specialize in Open Positions

- Residency programs share information about their programs and open positions with applicants.
- Programs can search for applicants who fit their specific criteria.
- Applicants search our database for just the right position in their desired residency level and specialty.
- Programs and applicants can contact each other directly through FindAResident to express interest.

FindAResident

The Applicant Perspective

We Help Aspiring Physicians Achieve Their Goals

Use FindAResident to...

- Post your resume, test scores, education and other pertinent information for programs to review
- ERAS users can import resume information directly from their certified Common Application Form!
- Upload a photo and/or personalized curriculum vitae to individually express yourself.
- Review your resume and activate your account allowing programs to access your information.

How does an applicant use the service?

1. Create Your FindAResident Resume
2. Attach Documents (photo & curriculum vitae)
3. Review and Activate Resume
4. Search and Notify Programs
5. Check Back Often for New Notifications
6. Keep Your FindAResident Information Updated

Personal Statement:

FindAResident is not only convenient, it's effective. We work with residency programs nationwide to ensure that the posted positions are viable. Our staff respects the time and effort you put into this process; we want to make sure the resources you expend are focused on locating your ideal place and position. By registering with this online service, you can post your resume, test scores, photo, curriculum vitae (CV), and other pertinent information for programs to view. Search our comprehensive and detailed database of open residency positions and use your private FindAResident mailbox to track programs that interest you. FindAResident allows you to customize your search for open positions by post-graduate year level, specialty and geographic preference. Notify programs of your interest directly through FindAResident. Once a position is filled, we work with the program staff to update our site as quickly as possible, to ensure our information is as up to date as possible. Because the number of available positions changes often, especially during our peak season between March and August, we encourage you to keep your resume active at all times, and check the site often. We want to make sure you'll have every opportunity to locate the position of your dreams!

I certify that the information contained within my FindAResident resume is complete and accurate to the best of my knowledge. I understand that any false or missing information may disqualify me from consideration for a residency position, or if employed, may constitute cause for termination from the residency program without notice. Such misrepresentations, once proven, will also result in expulsion from FindAResident.
