About ERAS

The Electronic Residency Application Service® (ERAS®) is a service of the Association of American Medical Colleges (AAMC). The ERAS application suite consists of MyERAS for applicants, Dean's Office WorkStation (DWS) for medical schools, Program Director's WorkStation (PDWS) and ERAS Account Maintenance (EAM) for training programs and the ERAS Letter of Recommendation Portal (LoRP) for LoR Authors.

ERAS Timeline

To view the ERAS timeline, please visit the [ERAS for Residency Applicants Timeline](#) page on our website.

Fees for ERAS 2023

ERAS Residency application fees are based on the total number of programs per specialty applied to within an ERAS season. MyERAS will automatically calculate processing fees, tax where applicable, and collect payment information for valid Visa, MasterCard, American Express, or Discover credit cards before programs are applied to. Tax, where applicable, will be calculated at checkout. For more detailed information, visit the [Fees for ERAS Residency Applicants](#) page on our website.

ERAS Policies

All information regarding ERAS policies can be found on the ERAS website at <https://students-residents.aamc.org/applying-residency/article/eras-policies/>.

Supported Browsers

- Latest version of Chrome version
- Latest version of Firefox
- Latest version of Edge

Note: ERAS does not enforce any operating system or browser restrictions; however, does not provide technical support for Mac (Apple) users or browsers outside of the supported options.

Welcome to the ERAS 2023 Season

Welcome to ERAS, a service of the Association of American Medical Colleges (AAMC). It is important that applicants read and understand how the service works. The steps for using MyERAS to apply to residency programs are outlined in this guide. Reading this guide may help applicants avoid common mistakes that could affect their application.

Below is a list of changes and enhancements we have made to MyERAS for the 2023 season.

Updates to Gender Self-identification

This season applicants will see updates on how an applicants' gender self-identification is captured in the MyERAS application. Previously, gender was collected via a field titled "Sex" and offered the following options: "Male", "Female", or "Decline to Answer". This season, gender will be labeled "Gender," and users can self-identify as any of the following options: "Man", "Woman", "Another Gender Identity", or "Decline to Answer".

Improved Interview Response Workflow

The interview response section has been enhanced to give applicants a more streamlined workflow in the Invitations and Calendar sections.

For the Invitations section, the following enhancements will be available:

- The invitation status colors will be more intuitive and reflect the level of attention needed. "Invited" events will be yellow. "Scheduled" events will be green. "Waitlisted" events will be blue, and "Declined" events will be grey.
- Important interview information will be more visible for applicants and require fewer clicks to respond to invitations.
- Applicants may use the Actions menu to add private notes about programs (not visible to programs).
- Applicants will be able to sort by the interview date, time of day, and interview status

For the Calendar section, the following enhancements will be available:

- Status labels will match the invitations section.
- Applicants have reported difficulty distinguishing between events they created from those generated by programs. Manually added events now have an edit icon to differentiate them from system generated events.

ERAS Participants

There are many participants in the ERAS process. It is important to know your role and responsibilities to ensure a smooth application process.

Applicant Responsibilities

- ERAS does not set residency program application deadlines or requirements. ERAS is not always alerted to changes made by residency programs. Contact programs of interest to find out more about their requirements and deadlines. Also, confirm the program is participating in ERAS 2023 before sending your application materials to them via ERAS.
- This information can be found on the [Participating Specialties and Programs website](#). This page is updated each season. Additionally, the American Medical Association (AMA) publishes a descriptive online directory of all ACGME- accredited training programs, found at www.ama-assn.org/go/freida.
- Some programs have state requirements to which they must adhere to that prevent selection of International Medical Graduates (IMG). Contact the programs directly to find out their requirements prior to applying.
- Contact your Designated Dean's Office (DDO) for processing instructions and to receive your ERAS token to access MyERAS.

 **Note:** Each Designated Dean's Office establishes their own procedures for residency applicants using ERAS. These procedures include the schedule for distributing tokens, providing resources, and uploading and processing documents.

 **Note for IMGs:** Visit the Educational Commission for Foreign Medical Graduates ([ECFMG website](#)) or [contact the ECFMG](#) for information on how to obtain an ERAS token via ECFMG's On-line Applicant Status and Information Systems (OASIS) to access MyERAS, check their schedule and procedures.

Applicant Type	Designated Dean's Office	Phone Number	Email	Website
US Seniors/Graduates (M.D. or D.O.)	Most recent medical school of graduation	Contact most recent medical school of graduation		
International Medical Graduates (IMGs)	Educational Commission for Foreign Medical Graduates (ECFMG)	215-966-3520	eras-support@ecfmg.org	www.ecfmg.org/eras
Canadian Medical Graduates	Canadian Resident Matching Service (CaRMS)	1-877-CARMS-42 (1-877-227-6742)	help@carms.ca	http://www.carms.ca

- Register for MyERAS using your ERAS token obtained through your Designated Dean's Office (DDO).
- Complete and submit your MyERAS application and assign personal statement(s) using MyERAS.
- Authorize USMLE and/or COMLEX-USA *transcripts* then assign along with your LoRs, photo and any additional documents.
- Send Letter Request Forms to LoR Author(s).
- Pay fees and apply to programs.
- Track the status of documents by program under the *Programs Applied To* page in MyERAS and monitor the *Message Center* for information from residency programs, the ECFMG (IMGs only), and ERAS.
- Return to MyERAS to update your Personal Information as needed, resend your updated USMLE and/or COMLEX-USA scores, and make changes to program selections and assignments as needed.
- If you have not already done so, Certify and Submit your application by the end of the season if you intend to import or access your application information in future seasons.

U.S. Medical School Responsibilities

- Establish policies and procedures for document processing.
- Provides tokens to 3rd year medical school students, seniors and prior year graduates no matter how far removed they may be from having graduated medical school (from their institution only) applying to residency programs.
- Upload applicants' MSPE and MS transcript.
- Maintain confidentiality of applicant information.
- Provide support and guidance for applicants on the recruitment process

ECFMG Responsibilities

- Establish policies and procedures for document processing.
- Provide ERAS tokens to all International Medical Graduates (IMG) applying for residency positions in U.S. programs.
- Support ECFMG's [On-line Applicant Status and Information System \(OASIS\)](#) allowing applicants to upload specific documents then process those documents.
- Upload and process all supporting documents received from applicants and medical schools.
- Process USMLE transcript requests for those programs designated by the applicant, including requests for updated scores.
- Sends ECFMG Status Report.
- Support applicants and provide guidance in the application process.
- Maintain confidentiality of applicant information.

Note for IMGs: ECFMG has requested that IMGs adhere to all guidelines published on its website at www.ecfm.org/eras. Failure to read and comply with all ECFMG published guidelines may result in processing delays. Please visit the ECFMG website to review their guidelines and a complete list of their services.

National Board of Medical Examiners (NBME) Responsibilities

- Process *USMLE transcript* requests (USMGs only) for those programs designated by the applicant, including requests for updated scores.
- Send NBME Part exam scores, Irregular Behavior Letters (IBL) and FSMB reports to programs, if applicable.
- Maintain confidentiality of applicant information.

National Board of Osteopathic Medical Examiners (NBOME) Responsibilities

- Process *COMLEX-USA transcript* requests for those programs designated by the applicant, including requests for updated scores.
- Provide NBOME Part exam scores to programs, if applicable.
- Maintain confidentiality of applicant information.

Residency Programs Responsibilities

- Establish requirements and deadlines for the receipt of applications.
- Update program contact and listing information like requirements, deadlines, or participation status.
- Communicate with applicants regarding preferred application requirements and process.
- Maintain confidentiality of applicant information.

ERAS Staff Responsibilities

- Provide resources such as those found on the MyERAS website, including user guides.
- Provide technical support to applicants, Designated Dean's Offices, LoR Authors and programs.
- Ensure reliable and secure delivery of application materials.
- Communicate known issues regarding the ERAS system along with any known solutions to affected users.
- Maintain confidentiality of applicant information.

Helpful Tips for Using MyERAS

1. ERAS will not collect or process any applicant documents. Supporting documents are received and processed by your Designated Dean's Office. LoRs must be uploaded by the LoR Author or their designee via the ERAS Letter of Recommendation Portal (LoRP).
2. In order to begin using MyERAS, you must obtain an ERAS token from your Designated Dean's Office.
3. Refer to the Applicant data and LoR import sections to understand what material ERAS retains for use in subsequent seasons. Make sure to certify and submit your application prior to season close if you would like to import your application and/or certain supporting documents.
4. ERAS does not set program application deadlines or requirements as they are set and communicated by individual programs. Applicants are advised to contact programs directly for deadlines and program requirements.
5. You must certify and submit your MyERAS application before you can apply to programs.
6. Once you have certified and submitted your application, you will not be able to make any changes to your application outside of the information contained on the Personal Information section of the MyERAS application as well as the personal statement. For example, the NRMP ID is listed in the Personal Information section. As a result, it can be updated even after certifying and submitting the application.
7. For LoRs, you must add and confirm letter of recommendation entries. When you confirm an entry, the system will generate a personalized Letter Request form, which you will need to provide to the LoR Author. You can provide the letter request form to your author via email, postal mail, fax, or in person since a PDF version of the form can be downloaded.
8. Once you have released your USMLE and/or COMLEX-USA transcript, assigned it to program(s) and paid the transcript fee, ERAS will send your transcript requests for those programs to the NBME, ECFMG (for IMG applicants), or NBOME for processing.
9. Exam transcript requests are usually processed on the same day but under special circumstances, it can take up to 5 business days from the date of your request for exam score transcripts to be processed and made available to programs. When new transcript scores are uploaded, the most recent upload date will display in MyERAS.
10. When searching for programs in MyERAS, if a program has a status other than *Participating*, you should contact the program directly regarding their participation status with ERAS. Be sure to follow due diligence and research your programs even if they have marked themselves as participating.
11. Some programs have state work authorization requirements to which they must adhere. Contact the programs directly to find out their requirements prior to applying.
12. Remember to check the *Message Center* for important communications from programs or your DDO in regards to your application and documents.
13. Remember to check the Assignments Checklist to ensure that your documents are assigned and sent properly to the programs you have applied to.

Registration

To access MyERAS, first contact your Designated Dean's Office; they will issue you an ERAS token, which is a one-time access code used to register on MyERAS.

 **Note:** Your Designated Dean's Office establishes their own processing procedures for ERAS applicants. These procedures include the schedule for distributing materials, uploading, and processing documents. Contact your Designated Dean's Office to check their schedule and procedures.

What Applicants Should Know Before You Register for MyERAS

- Residency applicants must obtain an ERAS token from their Designated Dean's Office. If an applicant uses an ERAS token from another school or organization, their documents cannot be accurately uploaded.
- The system will not allow applicants to use an ERAS token from a previous season to register.
- An ERAS token can only be registered once. Be sure to enter all requested information accurately.
- Applicants need an AAMC account in order to register their ERAS token. If an applicant does not have an AAMC account from a previous ERAS season or use of another AAMC service, they will need to create an account.
- 3rd Year medical school tokens will only allow applicants to update the personal information section and upload Letters of Recommendation (LoR) in preparation for the following season. The rest of the application will become active at that time

 **Note:** Registration with ERAS does not register applicants for any established Match. ERAS is a separate entity and does not provide matching services. If an applicant intends to participate in a match, they must contact that organization for registration, eligibility and participation information (Military, NRMP, San Francisco or Urology matches).

How to register for MyERAS

1. Go to <https://myeras.aamc.org/myeras-web/>.
2. Sign-in with AAMC Account or register for an AAMC account, if login credentials do not exist.
3. Enter a valid ERAS token and select *Continue*.
4. Review and accept the MyERAS terms and conditions.
5. Review or enter your medical school information, review and agree to the AAMC Policy Notice and select *Continue*.
6. Review your information and select *Continue*, if correct.
7. If given the option to import application material from a previous season, select the appropriate residency or fellowship application or Letter of Recommendation(s) to be imported.

Step 1: Select an available residency or fellowship application to import and select *Continue*.

Note: Applicants will only have access to their most recent residency and fellowship application (ERAS 2016 application season and onwards) that was certified and submitted prior to the season ending.

Step 2: Select the LoR(s) from the table to import and select *Continue*.

Note: LoR entry information and viewing rights will be consistent with the original and cannot be changed; however, the letter author does maintain the right to upload a new version of the LoR.

Step 3: Verify the selections for Application Data and LoRs and select *Confirm Import* when ready.

Note: If you opt to skip this step or cancel the import for either application data or LoR(s), you may still complete the import from the History Tab. Find out more information in the [History section](#) of the user guide.

Dual Applicants

If an applicant is applying for a residency and fellowship position during a single ERAS season, the applicant will be able to register both a residency and fellowship token. Once they have registered their first token (residency or fellowship) and are on the MyERAS Dashboard, there will be a drop-down option at the top of the page that allows them to register their second token. Selecting this option takes the applicant to the token entry page where they can repeat steps 3-7 in the “How to register for MyERAS” section above.

After the applicant registers both tokens, they will login to MyERAS using a single AAMC account and be able to toggle between the fellowship and residency applications from the drop-down.

Application

This area contains the form used to complete the MyERAS application. Applicants do not have to complete the entire application at one time.

General

- Applicants only have one standardized MyERAS application that will be sent to all programs applied to in MyERAS. The application field options are pre-determined and are optimized for program review.
- Applicants may assign specific ERAS documents, such as *Personal Statements* and LoRs, for individual programs or groups of programs in the same specialties.
- Applicants may change information in their MyERAS application at any time prior to certifying and submitting.

MyERAS Worksheet

- The MyERAS worksheet contains every field in the online MyERAS application and is intended to provide an opportunity to prepare for filling out the actual MyERAS application.
- Applicants will still need to complete their MyERAS application online.
- You may access a link to a page containing this blank worksheet from the *Dashboard* tab in MyERAS under *Resources* or from the [Tools for Residency Applicants](#) page on our website.

Support and guidance while completing your application

- The [ERAS Client Technical Support](#) is available to assist all applicants regarding technical inquiries and issues related to the MyERAS web application.
- Residency applicants seeking non-technical guidance in completing the content of the MyERAS application or relevant documents are advised to use their best judgment and reach out to their Designated Dean's Office for further advice.

Keeping the Personal Information up-to-date

- Complete as much of your Personal Information as soon as possible.
- Personal Information is very important to programs to that applicants have applied to; therefore, it is essential that this information is kept up-to-date throughout the application season.
- If updates are made after programs have been applied to, they will be available to programs after clicking *Save Personal Information*.

Certifying and submitting your application

- Certifying and submitting the MyERAS application is a one-time action that cannot be reversed. It will cause the application to lock, so as to ensure that all programs receive the same copy of the applicant's application.

Keep in mind:

- All required fields denoted by a red asterisk (*) must be completed and saved.
- It is important to carefully review the entire MyERAS application before certifying and submitting to ensure everything is complete and correct.
- Use the Application section on the Dashboard to see sections that were not saved
- The MyERAS application does not include a spell or grammar check feature.
- You cannot apply to programs until your application has been certified and submitted.
- Once you have certified and submitted your MyERAS application, you will not be able to make any changes or updates outside of the information provided under the Personal Information section. There are no exceptions.

Note: When you click *Submit* on the final screen of the certify and submit process, a message will appear that reads:

Once you have certified and submitted your application, it will be irrevocably locked and no changes will be permitted. Your application, once certified and submitted, is provided to all programs to which you apply during this ERAS season. Please take the additional time to proofread your application for any errors or omissions.

Viewing Your MyERAS Application

- The MyERAS application can be viewed as a PDF version by selecting *View/Print MyERAS Application* in the *Application* tile on the Dashboard and in the top- right area of every page under the *Application* section. The PDF will open in a new tab.
- This allows Applicants to see how the contents of the MyERAS application will be displayed to programs.
 - The PDF version of the MyERAS applications is displayed in APA format to programs.

Viewing the Curriculum Vitae (CV)

The *Curriculum Vitae* (CV) populates the information you entered in the application section of MyERAS. The CV is nothing more than the MyERAS application formatted differently for the benefit of those programs that prefer to view applications in a CV format. It can be accessed by clicking *View/Print CV* in the same location as the *View/Print MyERAS Application* button.

Personal Information

 **Note:** This section of the application should be kept up-to-date throughout the application season.

<p><i>AAMC Account Information</i></p>	<p>Applicants are able to edit any contact information such as name(s), gender, email, and birth date. It may take a few minutes for an updated email to be reflected in MyERAS.</p> <p> Note: Applicants may opt to release their birth date to programs they have applied to. The birth date may be redacted by unchecking the box and saving the Personal Information section. While the birth date can be redacted after applying, programs may have already seen it.</p> <p>* The AAMC Account information is shared across all AAMC services</p>
<p><i>Basic Information</i></p>	<p>Applicants may enter contact information such as their preferred name and preferred phone numbers so that programs may reach out to them.</p>
<p><i>Address</i></p>	<p><i>Current Mailing Address</i> should be used to provide the applicant's most current address to programs throughout the application season.</p> <p><i>Permanent Address</i> should be used to provide the applicant's most reliable address to programs throughout the application season.</p>
<p><i>Work Authorization Information</i></p>	<p>Applicants should make these selections based on their current work authorization status.</p> <p>Selections that are not marked as required (not denoted with an *) in this section, are collected in accordance with the <i>AAMC Self-Identification of Citizenship Data Collection Standard</i>.</p>
<p><i>Match Information</i></p>	<p>Applicants should make these selections to indicate their intentions to participate individually or as a couple, with all matching services applicable to them for the current season.</p> <p>Match information is collected for the NRMP® Match and the Urology Match.</p>

<i>Additional Information</i>	<p><i>Exam transcript IDs</i> - Applicants must enter their USMLE ID and NBOME ID (D.O. applicants only) in order to send their USMLE and/or COMLEX-USA exam scores to programs.</p> <p><i>AOA Member Number</i> (D.O. applicants only) – Applicants may enter this information, if applicable.</p> <p><i>Life Support Certifications</i> – If applicable, applicants should indicate their current status and expiration date for:</p> <ul style="list-style-type: none">• <i>Advanced Cardiac Life Support (ACLS)</i>• <i>Pediatric Advanced Life Support (PALS)</i>• <i>Basic Life Support (BLS)</i> <p><i>Honor Societies</i> - If applicable, applicants should indicate their current status in:</p> <ul style="list-style-type: none">• <i>Sigma Sigma Phi (SSP)</i> (D.O. applicants only)• <i>Alpha Omega Alpha (AOA)</i> (MD applicants only)• <i>Gold Humanism Honor Society (GHHS)</i>

<i>MyERAS Application Release</i>	<p>Applicants must indicate whether they would like to grant their DDO permission to view their application once certified and submitted. This selection can be changed from the <i>Application</i> tile on the <i>Dashboard</i> at any time during the application season.</p>
<i>Certify and Submit</i>	<p>Applicants will be required to acknowledge the certification statement and enter their account password to complete the submission process.</p>

Documents

Within your MyERAS account, applicants may create personal statement(s); identify the people who will write their letters of recommendation (LoRs); authorize the release their COMLEX-USA and/or USMLE transcripts; and manage various documents. Applicants may also assign most documents to their programs, and subsequently track the status of these along with any additional ERAS documents.

General

- Each program sets individual requirements for the ERAS documents that should be submitted with the MyERAS application. Applicants should research programs individually to determine those requirements before making document assignments.
- Documents can be assigned “by document” to the full list of saved and applied to programs through the sections under *Documents*.
- An Assignments Checklist can be found under the Programs section in MyERAS. This checklist is a convenient way to see the assignment statuses for documents and Letters of Recommendation (LoR) for programs that you have saved or applied to.
- Each ERAS document has different guidelines and/or restrictions for being uploaded into the ERAS system and assigned to programs. Please review the information below for the specific guidelines and/or restrictions of each document.
- Any document not listed below is not considered a standard ERAS Document. A program may request materials (through their preferred method) in addition to those outlined below to assist in its decision-making; however, receipt of these materials would be determined between the applicant and the program in question.

 **Note for Applicants:** All applicants are advised to fully disclose results of all medical licensure examinations taken.

 **Note for IMG Applicants:** ECFMG’s [On-line Applicant Status and Information System \(OASIS\)](#) allows applicants to upload certain document types themselves. A link to [OASIS](#) is available within MyERAS on the *Additional Documents* page but support for OASIS can only be provided by the ECFMG.

Personal Statements	
<i>About the Personal Statement</i>	<i>Personal Statement(s)</i> may be used to personalize the application to a specific program or to different specialties.
<i>Creating the Personal Statement</i>	<p>Applicants create their own <i>Personal Statements</i> within MyERAS from the <i>Personal Statements</i> section listed under <i>Documents</i>.</p> <ul style="list-style-type: none"> • Each must contain a <i>Personal Statement Title</i> and the <i>Personal Statement Content</i>. The title will only be visible to the applicant in order to help them correctly assign it to programs and the content will be visible to both the applicant and the applied to programs it is assigned to. • The personal statement is limited to 28,000 characters, which include letters, numbers, spaces and punctuation marks. • There is not a limit to how many personal statements applicants can create. • <i>Personal Statements</i> created outside of MyERAS should be done in a plain text word processing application such as Notepad (for Windows users) or SimpleText (for Mac Users). • <i>Personal Statements</i> created in word processing applications not using plain text may contain hidden and invalid formatting. <p> Note: There are a number of websites that provide examples of <i>Personal Statements</i>. Do not copy any information from these sites and use them in your <i>Personal Statements</i> without giving credit to the author. This is considered plagiarism.</p> <ul style="list-style-type: none"> • Any suspected acts of plagiarism will be investigated by ERAS. • Any substantiated findings of plagiarism may result in the reporting of such findings to the programs to which you apply now and in subsequent ERAS seasons.
<i>Formatting the Personal Statement</i>	<p>When creating a <i>Personal Statement</i> within MyERAS, the following formatting options will be available:</p> <ul style="list-style-type: none"> • Bold • Italic • Underline • Strikethrough • Bullets • Numbering • Align Left • Center • Align Right

	<ul style="list-style-type: none"> • Increase Indent • Decrease Indent • Insert hyperlink <p> Note: Personal statements created outside of MyERAS should be done in a plain text word processing application such as Notepad (for Windows users) or SimpleText (for Mac Users). Personal statements created in word processing applications not using plain text may contain hidden and potentially invalid formatting.</p>
<i>Previewing the Personal Statement</i>	<p>After entering the <i>Personal Statement</i> title and content, the applicant will have the opportunity to preview their <i>Personal Statement</i> before saving it. This preview allows the applicant to view their Personal Statement just as the programs will view it, including the number of pages.</p>
<i>Reviewing/Editing the Personal Statement</i>	<p>Applicants are responsible for reviewing their <i>Personal Statements</i> before assigning them to programs.</p> <ul style="list-style-type: none"> • The <i>Preview/Print</i> option under the Actions column will allow applicants to view and/or print their personal statement. • <i>Personal Statements</i> can be edited at any point during the application season – even when assigned to programs that have been applied to. • <i>Personal Statements</i> that have been edited will be reflected on the programs’ side by an updated status containing the date of the updated version, but programs are not guaranteed to view or review updated versions of <i>Personal Statements</i>.
<i>Assigning the Personal Statement</i>	<p>Applicants may designate the assignment of one (1) personal statement for each program.</p> <ul style="list-style-type: none"> • <i>Personal Statements</i> can be assigned to any saved or applied to programs from the <i>Personal Statements</i> page by selecting <i>Assign</i> under the Actions column of the intended personal statement. • When assigning by personal statement, programs listed with a disabled checkbox already have the selected personal statement currently assigned. • When assigning by personal statement, applicants should review any <i>Personal Statements</i> that are listed under the <i>Assigned Personal Statement</i> column before making selections or changes. • <i>Personal Statements</i> can be assigned by program using the <i>Assign</i> option under the Actions column on both the <i>Saved Programs</i> and <i>Programs Applied To</i> pages. • Changes to personal statement assignments can be made throughout the application season but programs are not guaranteed to view or review newly assigned <i>Personal Statements</i>. • A personal statement cannot be assigned to programs that are closed.

Letters of Recommendation (LoRs)

<p><i>About LoRs</i></p>	<p>LoRs must be uploaded through the ERAS Letter of Recommendation Portal by the <i>LoR Author or their designee</i>. It is the applicant's responsibility to follow up with <i>LoR Authors</i> regarding LoRs.</p>										
<p><i>Creating LoR Entries</i></p>	<p>Applicants must create a separate LoR entry for each LoR that they intend to use during the application season.</p> <ul style="list-style-type: none"> Each LoR entry created can contain an <i>Author Name*</i>, <i>Author Title/Department*</i>; <i>Specialty to which the letter will be assigned</i>; <i>Program Director/Department Chair</i> selection; and <i>waive right to view*</i> selection. *denotes a required field The <i>Specialty to which this letter will be assigned</i> field allows applicants to label LoR entries that they intend on assigning to programs of specific specialties. This field will only be viewable to applicants, their Designated Dean's Office and the <i>LoR Author</i> – not programs. The optional <i>Program Director</i> selection should only be made for LoR entries that are written by <i>LoR Authors</i> who are a Program Director in a current or previous residency or fellowship where the applicant trained. This selection should only be used by Residents and Fellows. It does not apply to rising seniors. The optional <i>Department Chair</i> selection should only be made for LoR entries that are written by <i>LoR Authors</i> who are a Department Chair where the applicant completed a clerkship training. Group departmental letters must be signed by the team composing the letter. Applicants must indicate whether they waive their right to view the LoR for each LoR entry created. Applicants who waive their right to view a LoR are not permitted to view or obtain the LoR under any circumstances. For each saved LoR entry, icons will display next to the <i>LoR Author Name – Title/Department</i> in the LoR Information column to represent the following applicant selections: <ul style="list-style-type: none"> <table border="1" data-bbox="500 1396 787 1732"> <thead> <tr> <th data-bbox="500 1396 584 1444">Icon</th> <th data-bbox="584 1396 787 1444">Hover Text</th> </tr> </thead> <tbody> <tr> <td data-bbox="500 1444 584 1522"></td> <td data-bbox="584 1444 787 1522">You indicated that this <i>LoR Author</i> is a program director in a current/previous residency or fellowship where you trained.</td> </tr> <tr> <td data-bbox="500 1522 584 1606"></td> <td data-bbox="584 1522 787 1606">You indicated that this <i>LoR Author</i> is a department chair where you completed your clerkship training.</td> </tr> <tr> <td data-bbox="500 1606 584 1669"></td> <td data-bbox="584 1606 787 1669">You waived your right to view this LoR.</td> </tr> <tr> <td data-bbox="500 1669 584 1732"></td> <td data-bbox="584 1669 787 1732">You did not waive your right to view this LoR.</td> </tr> </tbody> </table> Only LoR entries that are <i>Not Confirmed for Upload</i> can be edited or deleted. Programs

This is where applicants will primarily search, save, and apply to programs, as well as assign documents, manage training selections and track the status of documents assigned to programs.

What applicants should know before applying to programs

- On rare occasions, a program will sign up initially to participate in ERAS and later withdraw their participation. Sometimes, the program does not communicate the withdrawal to ERAS staff; therefore, it is imperative that applicants contact ALL programs to ensure that they are participating in ERAS before submitting their application materials to them.
- Applicants should be sure to contact each program before applying to make sure they understand and meet all program eligibility requirements and deadlines, including work authorization requirements.
- Programs can update their participation status in ERAS to inform applicants when they are no longer accepting new applications. This will be reflected in MyERAS and applicants will not be able to select or apply to these programs. If applicants have applied to a program before they changed their status to “No longer accepting applications,” applicants will still be able to make document assignment changes.
- ERAS is not an authority on accreditation and is not responsible for any changes to residency program status. Applicants should be sure to research and contact residency programs for information on their accreditation status, requirements, and deadlines.

Note: ERAS does not give refunds for any reason. Applicants are advised to research and contact programs before applying to minimize the risk of applying to a program that is no longer accepting applications or not participating in ERAS.

Search Programs	
<i>Search Criteria</i>	<p>Applicants can search for programs of interest using one of the following options:</p> <ul style="list-style-type: none"> • Search by Specialty  Note When searching by specialty applicants can further narrow search results by selecting a state and/or specific program. • Search by Accreditation ID (ACGME ID)
<i>Search Results</i>	<p>By default, only 10 search results will display at time. This can be changed by clicking the <i>Displaying</i> down arrow and selecting <i>10, 20, 25, 50 or All</i>.</p> <p>Pagination is available at the bottom of the page when <i>All</i> is not selected.</p> <p>Based on the search criteria, the associated specialty will display at the top of the search results list, along with the application cycle.</p> <p>For each program in the search results, the following information will be displayed:</p>

	<ul style="list-style-type: none"> • <i>Program Name</i> • <i>City</i> • <i>State</i> • <i>Accreditation ID</i> • <i>Status (ERAS participation status)</i> • <i>Training type(s) offered by program</i> <p>Applicants can click the <i>Program Name</i> link to view the contact details and additional information specific to that program, as well as manage training selections.</p> <p>If a program has additional information that they would like to share with applicants regarding their program, an icon () will display to the right of the program name. Click on the program name link to view the additional information. Programs are not required to share additional information in MyERAS.</p>
<p><i>Filtering Search Results</i></p>	<p>Applicants can filter their search results using the following options:</p> <ul style="list-style-type: none"> • Applicants can enter keywords that are in the <i>Program Name</i>, <i>City</i> and <i>State</i> to filter down to select programs within the search results. • Selecting the <i>Show only Programs accepting applications</i> checkbox will only display programs that have a status of <i>Participating</i> and are actively accepting application through ERAS. This checkbox is selected by default every time a new search is performed. Applicants can unmark this checkbox to view all programs regardless of status. <p> Note: Applicants who are interested in program(s) that have a status other than '<i>Participating</i>', will have to contact those program(s) directly to find out how they would like to receive application material.</p> <ul style="list-style-type: none"> • The ACGME grants Osteopathic Recognition to programs that provide training in Osteopathic Principles and Practices (OPP). Filter for such programs by using the checkbox to <i>Show only Programs with Osteopathic Recognition</i>. • The <i>Filter by Training Type</i> drop down list will display all training types that are available within the current search results. By default, <i>View All</i> is selected; however, applicants can select any of the available training types if they are only interested in a specific training type. Applicants can use these filtering options one at a time or in any combination.

Adding Programs to Saved Programs List

Applicants must select at least one training type for each program that they would like to add to their *Saved Programs* list.

- As an applicant makes their training selections from their search results, the *Programs Selected* count at the top of the results pane will keep track of how many programs have been selected. The *Programs Selected* count follows the applicant as they scroll through their search results.
- Once the applicant has made their training selections and is ready to save them, they must click *Save All Selected* next to the *Programs Selected* count.
- The applicant will then be presented with a list of their selections, which they must *Confirm* to add to their *Saved Programs* list. If the applicant is not satisfied with the list, they can click *Cancel* to return to their search results and modify their selections.

Note: Confirming programs of interest to your *Saved Programs* list does not mean that you have applied to those programs.

<i>Saved Programs</i>	
<i>Add Program</i>	Applicants can click <i>Add Programs</i> to navigate to the Search Programs page.

Applying before Programs can access/view application material

M.D. and D.O. applicants can begin applying to ACGME-accredited programs on September 7th. However, programs will not be able to view these applications until September 28th. All applications sent between September 7th and September 27th will be date stamped September 28th on the program's side.

 **Note:** Although we make every effort to ensure that our data is up-to-date, programs may not always communicate to ERAS their intention to accept applications; or a program's status may change. Therefore, it is the applicant's responsibility to confirm that they meet all eligibility requirements and program deadlines before applying by contacting programs directly.

ERAS does not give refunds for any reason. Applicants are advised to research and contact programs before applying to minimize the risk of applying to a program that is no longer accepting applications or not participating in ERAS.

Programs Applied To	
<i>Search</i>	Applicants can enter keywords or numbers that are in the <i>Program Name</i> , <i>Specialty</i> , <i>City</i> , <i>State</i> , and <i>Accreditation ID</i> to search for programs within their Programs Applied To list.
<i>Programs Applied To List</i>	<p>For each program in the <i>Programs Applied To</i> list, the following information will be displayed:</p> <ul style="list-style-type: none"> • <i>Program Name</i> • <i>Specialty</i> • <i>City</i> • <i>State</i> • <i>Accreditation ID</i> • <i>Applied Dates</i> • <i>Training Type Selections</i> <p>Applicants can click the <i>Program Name</i> link to view the contact details and additional information specific to that program, as well as manage training selections.</p> <p> Note: Applicants can select additional training types at any time. However, training selections cannot be removed once an applicant has applied to a program. Applicants must contact the program(s) directly if they no longer wish to be considered for a training type that they previously selected.</p>
<i>Track Assigned Documents</i>	Expanding <i>Track Assigned Documents</i> for any given program, allows applicants to track the status of the application and all documents assigned to that specific program.
<i>Assigning Documents</i>	<p>Applicants must designate the assignment of documents to each program. You may click on the highlighted number icons to display the program(s) with or without the respective document assigned. You may bulk assign documents from the Documents tab.</p>

Assignments Report

Assignments Report

Provides a detailed report of training selections and document assignments for programs an applicant has saved and applied to. Use this report to ensure that the documents assigned to the program meet their application requirements.

What Happens When You Apply to Programs

- All programs to which you applied will receive your MyERAS application, as well as any *Personal Statements* that you created and assigned to them.
- If you authorized the release of your *USMLE transcript*, assigned it to at least one program to which you applied and paid the transcript fee, the NBME or ECFMG (IMG Residency) will receive a request for the transcript and a list of programs to which you assigned your transcript.
- If you authorized release of your *COMLEX-USA transcript*, assigned it to at least one program to which you applied and paid the transcript fee, the NBOME will receive a request for a transcript and a list of programs to which you assigned your transcript.
- Your Designated Dean's Office will receive a list of programs that you applied to and the documents you assigned to these programs.
- Using the Program Director's Workstation (PDWS), participating residency programs view application documents. Program directors may print, review, and evaluate applications using criteria they establish.

Note: Programs do not receive any information regarding other programs to which you applied, or the number of applications you have submitted.

- Residency programs must log into the Program Director's Workstation (PDWS) to view application material. Applications sent after a program's deadline may not be considered by the program. It is the applicants' responsibility to ensure that application materials are sent to programs before their deadline(s). Refunds will not be given if residency programs decide not to consider an applicant's application.

Communicating with Programs

Program directors may contact applicants at any time regarding their application via the MyERAS *Message Center*, email, telephone, or regular mail. Programs may use an applicant's email address to send invitations to interview and to ask for additional information. Applicants should be sure to check their email regularly while their applications are active. The MyERAS Contact email address entered under the *Personal Information section* needs to be up-to-date and active. If an applicant will not have access to their email (e.g., may be away), they should make arrangements to have someone keep them updated.

Message Center

The *Message Center* displays messages sent by programs applicants have applied to, the ECFMG (IMGs Only), and ERAS. The *Message Center* can only display messages sent through *ERAS*. Messages sent outside of the ERAS system (e.g. emails from the program's institution/personal email account) will not be captured in the *Message Center*.

General

- Applicants cannot initiate messages with programs they have applied to, the ECFMG (IMGs Only) or ERAS. They can only reply to messages that are received in the MyERAS *Message Center*.
- When a new message is received in the MyERAS Message Center, a notification will be sent to your listed personal email address listed in the AAMC Account Information of your Personal Information.
- A count of unread messages is available next to the Message Center menu item at the top of the page and in the left navigation next to the Message Center's Inbox. The count is updated as applicants open/read messages.

Any new messages received while in the Message Center will only be reflected in the count of unread messages when an applicant refreshes the Message Center page.

Interviews

This area displays all interview invitations sent to an applicant by ERAS programs using the ERAS Interview Scheduler tool. Applicants will have the ability to schedule, waitlist and decline interview invitations.

General

- ERAS programs are not obligated to use the ERAS interview scheduling tool. Programs may choose to use other methods, such as telephone, email or other scheduling tool to schedule interviews. It is important to check your email and MyERAS Message Center for information regarding interviews.
- Interview invitations sent outside of the ERAS system will not be captured in MyERAS unless the applicant inputs the scheduled events into the Calendar.

Invitations	
<i>Invitations</i>	<p>For each interview invitation an applicant receives, the following information will display on the <i>Invitations</i> page of the <i>Interviews</i> menu:</p> <ul style="list-style-type: none"> • Program information row: <ul style="list-style-type: none"> ○ <i>Program Name</i> ○ <i>Specialty</i> ○ <i>Interview Status</i> ○ <i>Interview Date</i> ○ <i>Action</i> column with additional menu options (refer to <i>Adding a Note</i> and <i>Declining an Interview</i> sections below) • The <i>Interview Status</i> column will display the interview status in colored chips for that program. Possible interview statuses are as follows: <ul style="list-style-type: none"> ○ <i>Invited</i> – applicant has received an interview invitation but has not taken any action ○ <i>Scheduled</i> – applicant has scheduled for an interview date ○ <i>Waitlisted</i> – applicant has waitlisted for an interview date(s) • The expanded view for each program row will display all available interview dates sent to the applicant as part of the interview invitation and consists of the following information: <ul style="list-style-type: none"> ○ <i>Interview Date</i> – displays the date or date range of an interview, ○ <i>Time</i> – along with the time of day of the interview (AM/PM/All Day)

Calendar

Share Interview Information

Applicants may share interview information with their DDOs for additional guidance around interview practices and strategy. Applicants will be prompted with the option to send interview information when they first navigate to the Interviews Calendar.

When toggled on, the following interview information is sent to the DDO:

- Program Name
- Specialty
- Interview Status
- Interview Date

Applicants may reverse the decision to share interview information at any point during the season by using the toggle button at the top of the Calendar section.

- **Note:** The feature will need to be toggled on to share interview information. Custom interview event status and details are also shared.

Calendar

Displays all interview invitations in a calendar view. An applicant may click an interview date on the calendar to view more details about the program and interview date or to complete an available action such as schedule, waitlist or cancel.

The colors for each date represent the interview status. Events with an edit icon indicate that the event was manually entered by applicant to differentiate them from system generated events.

History

Applicants that have certified and submitted an application in a previous season (ERAS 2016 application season and onwards) will be able to view and download the following documents:

- MyERAS Application
- MyERAS CV
- Program Report
- Payment History
- Personal Statements

Applicants will also be able to import their most recent certified and submitted residency or fellowship application and/or Letters of Recommendation into the current season application.

Import Application Data

Import Application Data

Applicants that register a token for the current application season have the option to import their application data from the most recent prior season into their active application. After being prompted to import,

- Select the residency or fellowship application you would like to import your application information from and click Continue.
- You can choose to import later if you would like to revisit this option at a later point from the History tab.
- Lastly, verify that the selected options are correct, and click Confirm Import.

Once the import is complete, each application section (Personal Information, Biographic Information, Education, Experience, Licensure, Publications) will be transferred to the current season application. The application information can be revised after importing the application. Each application section must be reviewed and saved before applicants can certify and submit their application. Once an application is certified and submitted, it will be irrevocably locked, and no changes will be permitted (with the exception of the personal information section).

 **Note:** The application, once certified and submitted, is provided to all programs to which applicants apply to during this ERAS season. Please take the additional time to proofread the application for any errors or omissions.

Import Letter of Recommendation

Import Letters of Recommendation

Applicants that have at least one Letter of Recommendation (LoR) uploaded during a previous application season also have the option to import their LoR(s) from the most recent certified and submitted residency and fellowship applications into their active application. After selecting the Import Letters of Recommendations option,

- Mark the checkbox for the Letters of Recommendation that you would like to import and click Continue. You can choose to import later if you would like to revisit this option at a later time from the History tab.
- Lastly, verify that the selected options are correct, and click Confirm Import.

Imported LoR(s) can be found in the Letters of Recommendation section of the Documents tab. Once the LoR(s) are imported with a status of “Imported”, applicants can assign them to their specific desired programs. These letters still count toward the total Letters of Recommendation (4) that can be assigned to designated programs. Changes cannot be made to the LoR information. The letter author maintains the right to upload a new version of the LoR. LoRs can be imported at any time during the season regardless of whether the MyERAS application has been certified and submitted.

 **Note:** Applications from prior seasons must have been certified and submitted to be eligible for import.

 **Note:** When importing application information from the prior season, only the application data will be re-uploaded to the MyERAS application. The LoR(s) will still need to be imported. Documents such as the photo, personal statements, medical transcript, and MSPE will not be imported from the previous season and will need to be re-uploaded in order to be assigned to programs.
